Executive Leadership engage in monthly research summits		Summits (PCD, etc..) focus on critical issues that will influence the future of the college in such areas as Student Success, Enrollment & Retention and										
Executive Leadership & faculty focus on program reviews							All departments conduct reviews/program reviews & strategic budget development					
Dean of Information Services or other leaders	Briefs Board on status of plans & solicits feedback											

Planning is most effective as part of the day-to-day management of the college and planning defines and guides the actual work we do. The process leading to our current Strategic Plan created a foundation for effective planning, but to sustain this approach, Academic Deans, Student Services Leaders and Executive Council will engage in planning activities throughout the academic year, following the cycle above.
