

HLC Accreditation Evidence

Title: Work Preparedness: Board END 2

Office of Origin: Vice President of Instruction - WTCE

POLICY TYPE: ENDS #2 WORK PREPAREDNESS
Students will be prepared for success in the workplace

Indicator 1

Students will have the skills and knowledge required for successful entry into the workplace.

Program Concentrators: A postsecondary student, with a declared major in a Perkins approved program, who has passed 12 tiered credit hours in that major over a three year time period (data compiled from the Kansas Board of Regents follow-up report.)

Certification Reference Information

Nursing (RN & PN)

- Students may retake the NCLEX every 45 days for two years and after this time period, they must petition KSBN for permission to test. This usually includes some remediation.
- A new PN passing standard was established in 2015. A new passing standard for RN was implemented in 2013.

CNA/CMA

- CNA Students may retest every 30 days and may attempt the exam three times. If a student fails after the third attempt, they must retake the course.
- CMA students may attempt the exam two times. If a student fails after the second attempt, they must retake the course.
- New textbook may have impacted pass rates.

MLT

- Students are eligible to retest immediately; however, it takes 30-40 days to process their request.
- Students may retest three times. After the third attempt, students must complete remediation (identified by CLEC)
- Students have up to five years to test, therefore, each year is not a true cohort group score. The students testing could be from multiple years and as long as 4+ years since graduation.

Emergency Medical Services

- Students may test with two years of the last day of their training program and may retest up to six times
- Passing the written exam and passing the practical assessment is separate. If a student passes their practical, but fails their written they only have to retake the written.
- Students must pass both their written and their practical exam within the same 12 month period.
- Kansas has adopted the NREMT (National Registry of EMT) practical and written exams so once a student passes their boards they are nationally and Kansas certified.
- Nothing has changed in the past year or two for pass rates.
- There are curriculum changes currently in the implementation phase for paramedic testing. Students are now being required to have a portfolio that shows not only skill check sheets, but also scenario based training prior to the start of clinicals and internship. They no longer want to see proficiency, but want to see mastery prior to clinicals and FI. This is a complete paradigm shift for paramedic education. It is likely to double the amount of required class time to get students through the skill training. In the past the program focused on teaching pathophysiology, critical thinking, differential diagnosis, etc. and used clinicals and field internship to teach mastery once the students had gained proficiency in the lab. This will change and the program won't be able to do nearly as much didactic study as we have in the past. Students will be required to increase their independent learning and focus more on skills. Testing is also changing and is moving from component skills to scenario based testing. Pilots programming across the nation that includes the curriculum and testing changes has resulted in significant reductions in the number of students who are passing test. It has taken these pilot

locations multiple years to regain the national average or above on student testing.

Dietary Manager

- Students may retake the certification exam every 90 days; retakes are unlimited, but students must pay the exam fee each time.
- The (ANFP) curriculum is new and it is reflected in the exam which started March 2016.

Pharmacy Technician

- Candidates are allowed four attempts to pass the PTCE. Candidates must apply and pay (\$129) for each attempt.
- Candidates who are unsuccessful at passing the PTCE must wait 60 days from the most recent attempt to apply for the second and third attempts, and six months for the fourth attempt.
- After four attempts, candidates will need to petition the Pharmacy Technician Certification Board in writing for additional attempts. Petitions will only be considered and approved by PTCB if candidates provide a substantial reason for PTCB to permit another examination attempt, such as the completion of additional exam preparation activities.
- There was a change in the format of the PTCE. The updated exam has nine knowledge domains instead of three, with revised proportions of emphasis. The updated PTCE results are now reported on a new score scale, ranging from 1000 to 1600, with a passing score being 1400.

Automotive Service Excellence

- Students may retest every 30 days; no retesting maximums

Early Childhood - CDA-Child Development Associate

- Students may retest every 6 months; no retesting maximums
- Students are not required to take the test.

CDL-Commercial Driver's License

- Students may retest four times. If they fail after this number of attempts, there is a six month waiting period. After this timeframe, individuals have to once again take the knowledge test to obtain their learner's permit. Students must wait two weeks after obtaining their learner's permit to attempt the skills test (driving test).

Indicator 2

Students will have the work ethics, discipline, and collaborative skills necessary to be successful in the workplace.

Kansas Board of Regents Employer Follow-up Survey

<i>Employers rate graduates as “Excellent” or “Good” in the following areas:</i>	
GENERAL EDUCATION	
Math Computational Skills and Reasoning	86%
Oral Communication Skills	86%
Written Communication Skills	86%
Computer Skills	83%
Problem Solving Skills	83%
Critical Thinking Skills	97%
TECHNICAL EDUCATION	
Knowledge/Skills Related to Employment Position	80%
Operating Job-Related Tools, Instruments & Equipment	95%
PROFESSIONALISM	
Organizational/Time-Management Skills	80%
Quantity/Quality Of Work Accomplished	97%
Following Directions	83%
Working Independently	86%
Working Cooperatively With Others (Team Work)	83%
Leadership/Promotion Potential	78%
Attitude (Initiative, Cooperation, Loyalty, Attendance, Personal Appearance)	93%
Ability/willingness to learn	92%
Understands the need for continuing education	92%
Accepts advice, supervision and constructive criticism	89%
Seeks to continuously improve performance	94%
Work Ethics (reliability, punctuality, integrity, judgment, maturity, politeness, dependability, confidentiality, etc.)	89%
Maintains Confidentiality	86%
Customer Focused	89%

88 employers were surveyed; 36 surveys returned. 41% return rate

Essential Skills Program

The WTCE Division continues to facilitate discussions, activities and learning opportunities specific to workplace essential skills. The project provides an introduction to skills identified and desired by employers. This past summer and fall the majority of WTCE advisors/instructors participated in “A Game” professional development training made available through a KBOR grant. The training provides curriculum and a student workbook to support Essential Skills training.

Indicator 3

Students will have the skills and knowledge necessary to maintain, advance, or change their employment or occupation.

Kansas Board of Regents Student Satisfaction Survey

Results of Student Satisfaction Surveys sent to 2015-16 completers (fall 2016).

Barton Community College Employer Satisfaction Survey

Results of Employer Satisfaction Surveys sent to employers of the 2015-16 completers (fall 2016).
