Essential Skills Program

The Workforce Training & Community Education Division continues to address Essential Skills throughout its programs and has done so since 2010. Skills include: Accountability, Communications, Critical Thinking, Customer Service, Professionalism and Self-Management. Starting in 2021, the Essential Skills project has been expanded college wide. A new committee was formed involving individuals from all Barton campuses and disciplines. Our first college wide Essential Skills report will be completed in the spring of 2022.
