2458 – Professional Development

As a learning institution, the College is committed to supporting employees with professional development. Professional development encourages college employees to advance their professional and personal skills to achieve excellence in their job performance. Employees are expected to take initiative in promoting their own growth by identifying and participating in professional development and enrichment activities. Such activities may be documented in annual evaluations and/or identified throughout the course of an employment period. Employees should seek approval from their supervisor for training if it is scheduled to occur during the employee's work period.

For employees who are interested in participating in a cost associated professional development opportunity, funds may be available within your department. Employees may utilize the [Professional Development Request Form](#) to request funding for an opportunity. In addition, when funds allow, employees may submit for professional development funds through the Center Funding Opportunity. The open application period is communicated via email throughout the year, along with necessary forms.

All employees are required to complete and submit a [Professional Development Reporting Form](#) for Professional Development opportunities they have participated in, regardless of cost, funding avenue or modality. The mandatory training required by Barton (mentioned below) is the only exception. Mandatory training completion is tracked separately through an online course system.

At the College's discretion, mandatory training may be required for its new and existing employees (including student employees) as a condition of their employment. The training may focus on employee or institutional-related issues, which may include, but shall not be limited to, Bloodborne Pathogens, Substance Abuse and the Drug Free Workplace, Cyber Security, Advisement and Title IX. Participation is required for all mandatory employee training, at the recommendation of their supervisor(s) or the College and is to be completed within a specified amount of time depending on hire date and position. The College will provide employees with work release time, allowing them to participate in the mandatory training during their normal work schedule.

It is the supervisor's responsibility to ensure employees participate in mandatory training. Employees who fail to participate in any mandatory training sessions by the required deadline, shall be subject to employee discipline, up to and including termination, as set forth in College procedures.
