Conducting and Documenting Course Assessment - Cougar TALEs

Aug 10 2021 - 10:00am - Aug 10 2021 - 11:30am

[Conducting and Documenting Course Assessment](#) – Kurt Konda

Assessment requirements in Fall 2021 will include documenting at least two course competencies each semester. This session will give you all the information you need to meet this new requirement. We will address why documenting the adjustments we make to our courses is important and give examples of how to conduct course assessments in your own courses. Also, what you need to do to submit your documentation to the Course/Institutional Assessment sub-committee and satisfy this requirement. The session includes a basic overview of course assessments/documentation and hands-on workshop time where Assessment committee members will be able to assist you with your particular courses

workshop time where Assessment Committee members will be able to assist you with your particular courses.
