

Barton Strategic Plan

Approved 05/28/2015 – Updated 02/23/2016

Executive Summary

The Strategic Planning Framework is the context within which Barton Community College operates to achieve its mission and vision. This framework is the foundation for a strategic management approach through which Barton's leadership team takes responsibility for leading the institution through change, defining the knowledge critical to planning strategically for the college's future, deciding how to interpret that knowledge and how to apply it to plans and decisions that lead to continuous improvement of Barton's programs, services and operations. In this model planners at all levels of the college are able to determine performance "gaps" at the institutional and divisional/department levels and implement initiatives to close those gaps. Senior administrators, with input from internal stakeholders, are able to allocate resources to support the Strategic Plan and ongoing operations that are essential to closing those performance gaps.

The basic operating principles of the Strategic Planning Framework are:

1. Barton exists to create success for its students and the communities it serves.
2. To create stakeholder success, Barton must develop appropriate capacity and function at ever-higher levels of effectiveness.

The college enacts those operating principles through four standing Core Priorities:

- Drive Student Success
- Cultivate Community Engagement
- Optimize Employee Experience
- Emphasize Institutional Effectiveness

Barton's planning process provides a systematic means of analyzing the current state of each standing Core Priority against stated intended outcomes, planning a future state of the institution, and allocating resources to achieve that state.

Conditions of Success

We will be demonstrating directional improvement towards the true intent of our GOALS when Barton looks and operates like this:

Drive Student Success

1. Increase student retention and completion – VP, Academic Deans, Student Services
 - A. Address relevance of scheduling, programming, advisement and student peer mentoring.
 - Re: advisement: see Degree Works information under "C" below
 - Fort Leavenworth is using last few years of data to adjust class offerings.
 - Fort Riley is now helping Troop Schools with advisement of soldiers.
 - B. Write Title III grant to focus on improving retention and completion
 - C. Continue implementing DegreeWorks to enable identification and communications to students close to completion
 - Degree Works introduction presented at Fall Professional Conference Days, BC/GB campus
 - 23 WTCE advisors have received Degree Works training this fall
 - 9 Academics division advisors have received Degree Works training this fall

- 5 Fort Riley advisors/personnel are scheduled to receive Degree Works training in the coming days – now completed
- Last week, a brief survey went out to the advisors who have received training asking for feedback about their experience. Only a few responses have been received to date, but they are all evidencing a positive experience so far with the audit system.
- Ongoing testing by advisors who have been trained and collaboration/communication between those advisors and Degree Works functional staff via degreeworks@bartonccc.edu
- Advisors are transitioning to utilize Degree Works audit as part of graduation application process/ replacing manual degree audit process – 02/23/2016
- Process in place to assign advisors from application – significantly decreased the time it takes for a new/incoming student to be assigned an advisor – 02/23/2016

D. Develop default aversion communication process through Financial Aid

- Develop a first year experience (FYE) task force to research and design a program for new students and to assist with transition and retention:
 - Task force members identified
 - First of 8 meetings began January 2015
 - Vision and Purpose statements were created
 - Task force member Christopher Stott attended National FYE Conference in February 2015
 - Brett Bruner FYE Director from FHSU attended our June task force meeting to describe the program he manages
 - FYE Task Force developed and executed the first FYE event: Welcome to Barton in start of Fall 2015
 - Brett Bruner met with Task Force in November 2015 to discuss various questions the task force created as part of our continued research

E. Develop a new Developmental Education Class, English Composition with review modeled after Barton's College Algebra with review to assist students to complete their English composition requirements.

- Pilot began Fall 2015
- Consistent monitoring of student success.
- Expectation after pilot review to continue to offer this class in Spring 2016

F. Begin laying a foundation to produce a retention plan during FY2017

2. Enhance the Quality of Teaching and Learning – VP, Academic Deans, Faculty Council Professional Development Committees

A. Emphasize the importance of professional development, mentoring, and best practices that lead to student success.

Key Performance Indicators

Key Performance Indicators are our vital few performance measures, tracked at the institutional level. KPIs have the following characteristics:

- KPIs align with the Core Priorities
 - Core Priorities convey a vision for Barton’s future that transcends the timeline of the strategic plan.
 - KPIs clarify and simplify the true intent of Core Priorities by defining what we will measure to determine success.
- KPIs establish significant but realistic outcomes and establish a timeframe for results.
 - They define the baseline of performance in a targeted area, quantify the intended improvement and state the target date.
 - They document the total effect of innovations created across individual projects, not the contribution of any single project.
- KPIs align with the goals of the Kansas Board of Regents Foresight 2020 Strategic Plan.
 - As part of the state’s system of higher education, Barton must help move the needle on the state’s education and economic development objectives.

Barton’s Key Performance Indicators are the following.

Plans of Work

Barton’s strategic plan is implemented through a series of projects identified in work plans in each of the major divisions – Academics, Student Services, Information Services, Administrative/Executive, Advancement, Human Resources and Finance. The college’s planning process provides a framework for planning that creates both a structured, strategic context for conducting the essential work of the institution and a flexible approach for organizing and executing that work down through the various units of the college. This approach provides management, faculty and staff the capacity to allocate time, effort and other resources to projects that rise to the top as priorities evolve and to implement big projects in more manageable phases.
