POLICY TITLE: ESSENTIAL SKILLS

Essential Skills

Students will have the essential skills appropriate for their chosen field of endeavor.

Response: Enclosed are a few reports providing an indication of efforts and success in helping students to develop essential skills.

Measuring the development of essential skills remains a challenge. However, Barton and other institutions around the country are devoting more and more effort to determining appropriate outcome measurements to indicate progress. This is an area where the Board and the public can expect to see continued change and growth as the College discovers more and better ways to indicate its performance. The Outcomes Assessment Team is grappling with how to effectively measure this issue and have been engaged in this topic during the past few years and have become increasingly involved in it. This remains a key area of concentration in preparation for the North Central visit.

POLICY TYPE: EXECUTIVE LIMITATIONS

POLICY TITLE: GENERAL EXECUTIVE CONSTRAINTS
--

The President shall act at all times in an exemplary manner consistent with the responsibilities and expectations vested in that office. The President shall act in a manner consistent with Board policies and consistent with those practices, activities, decisions, and organizational circumstances, which are legal, prudent, and ethical.

Accordingly, the President may not:

General Executive Constraint #5

Permit conflict of interest in awarding purchases or other contracts or hiring of employees.

Response: To my knowledge, no conflict of interest regarding purchases, contracts, or hiring has occurred. I believe institutionally, we continue to demonstrate that our purchasing processes provide fairness, preference to local business whenever possible, and encourage competition so the taxpayers receive the most for their money. Additionally, we continue to use personnel screening and selection processes that encourage qualified and quality applicants and fairness in appointments. As it relates to this last item, we

maintain processes that allow us to expeditiously make appointments when it is thought to be in the best interest of the College.

General Executive Constraint #9

Allow assets to be unprotected, inadequately maintained, or unnecessarily risked.

Response: To my knowledge, all assets are protected and with no or minimal risk. The only possible exception, of which the Board is already aware, has been created by the state’s budget crisis. That exception is -- in meeting our projected budget’s expenditure plan we have had to make the difficult decision to recommend no increases in salaries as well as delay significant capital expenditures. These two areas are significant assets and while not assets in the traditional sense are none-the-less assets that need to be maintained.

On both fronts we will monitor the reactions to the budget shortfall and bring to the Board’s attention anything that might place these assets in further jeopardy.

POLICY TYPE: EXECUTIVE LIMITATIONS

POLICY TYPE: HUMAN RELATIONS

The President shall create and sustain an environment for living, working, and teaching that supports the development and realization of human potential and promotes the College’s core values. Treatment of and dealing with students, staff, and persons from the community, shall be humane, fair, and dignified.

Accordingly, the President may not:

Human Relations #1

Operate without policies/procedures, which set forth staff and student rules, provide for effective handling of grievances, ensure due process, and protect against wrongful conditions.

Response: A major and on-going project within the President’s Office is the development of operational standards which replace the Board’s and the College’s old policy manual. Progress is about complete and will be ready prior to the Higher Learning Commission’s visit. The policies and procedures will be electronic and linked either on the web or in the College’s Exchange folders. The completion of the project will ensure that new/updated policies and procedures are in place for students and staff. This project has permitted the a full review of policies and procedures.

Human Relations #2

Discriminate against anyone for expressing an ethical dissent.

Response: I would hope that no one within the employ of Barton would feel that they have been discriminated against for having expressed an ethical dissent, or discriminated against for any reason. Quite the contrary, it is my hope that staff would feel encouraged to express their views in order to help myself and others be certain we have accurately assessed situations which impact them. It is my impression that many staff do feel they can approach either their supervisor or myself with concerns as this occurs on a regular basis and does provide valuable input.

Human Relations #3

Fail to comply with all laws, rules, and regulations pertaining to employees and students, including those pertaining to:

- Discrimination
- Equal Opportunity
- Sexual Harassment
- Rights of Privacy

Response: No issues of failure to comply have occurred. To the contrary, a number of revised operational policies have been developed. Continuous discussions are held and encouragement is provided to staff in order to ensure equal opportunity and avoid discrimination. A standard for the employment of personnel has been adopted and reviewed by legal counsel. The policy addresses discrimination and equal opportunity in employment practices. No accusations of discrimination at any level have been lodged during this past year.

Efforts continue to occur to address Title IX compliance. The topic is important ethically and legally. It is something that we will continue to monitor during the year and as part of annual reports that must be completed by the athletic department. Effort has been extended to ensure that supporters of the athletic program are aware of the challenges this federal regulation presents.

Human Relations #4

Prevent students and staff from using established grievance procedures.

Response: Grievances have not been discouraged in anyway. During the course of this year, with the support of legal counsel, we have revised a policy to deal with problems and their resolution (grievance procedure).

Human Relations #5

Fail to acquaint students and staff with their rights and responsibilities.

Response: Efforts to ensure staff and students are aware of their rights are provided through institutional publications and direct communication from supervisors as the situation warrants. Changes in the office and functions of Student Development and a new policy and procedure in handling student

discipline ought to provide a better support process for students who face disciplinary action.

Human Relations #6

Fail to maintain confidentiality where appropriate.

Response: To my knowledge confidential matters have been held in confidence and no policy exceptions have occurred.

POLICY TYPE: EXECUTIVE LIMITATIONS

POLICY TITLE: FINANCIAL CONDITIONS

The President shall administer the Board approved budget without material deviation from Board priorities in ENDS policies, and shall protect the College from financial risk.

Accordingly, the President may not:

Financial Condition #3

Make any purchase: (a) without prudent protection against conflict of interest; (b) over \$10,000 without Board approval; (c) over \$10,000 without seeking at least three competitive quotes or sealed bids, submitted on prepared specifications. No purchase shall be made except on the basis of quality, cost, and service. Consideration shall be given to local vendors who can provide like quality products and services and who meet bid specifications.

Response: Following review of this constraint with the Dean of Business Services, I feel confident that the College is in compliance with the policy. We remain sensitive and judicious in balancing the need to support the local economy with making wise purchases in stretching limited tax dollars.

Financial Condition #4

It is material deviation to: Accept gifts or grants which obligate the College to make future expenditures of funds or human resources other than those created by the gift or grant without Board approval.

Response: Grants are routinely reviewed to ensure they support institutional mission and direction. They are consistently brought to the Board for approval prior to submission, if the grant requires resources that exceed the spending limitations provided to the President through Policy Governance. Additionally, should the College be successful in receiving the grant award, this notification is also brought to the Board for acceptance.

To date, no gifts have been received that obligate the College to make future expenditures – should this occur, the gifts would also be brought to the Board for action.

Financial Condition #5

It is material deviation to: Accept gifts or grants, which are not in the best interest of the College.

Response: As outlined previously, prior to application, grants are reviewed to ensure they are in support of the College's mission and will further the institution's ability to meet its strategic goals.

Financial Condition #6

Fail to maintain adequate reserves which allows the College cash reserve to drop below 8% of its annual budget, working toward a goal of 16%.

Response: The Board has been apprised that progress toward this goal was made over the course of the past year. The cash reserve is above the 8% floor and we believe that this past year's budget has, for the second or third year in a row, helped us realize growth in the reserves. The reserves may in fact be of significant help as we face the fallout of the state's revenue crisis.

Financial Condition #8

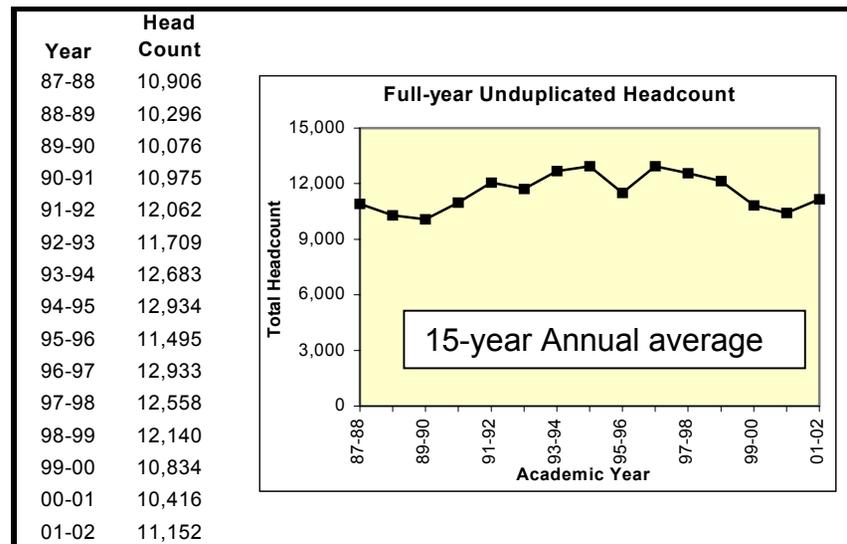

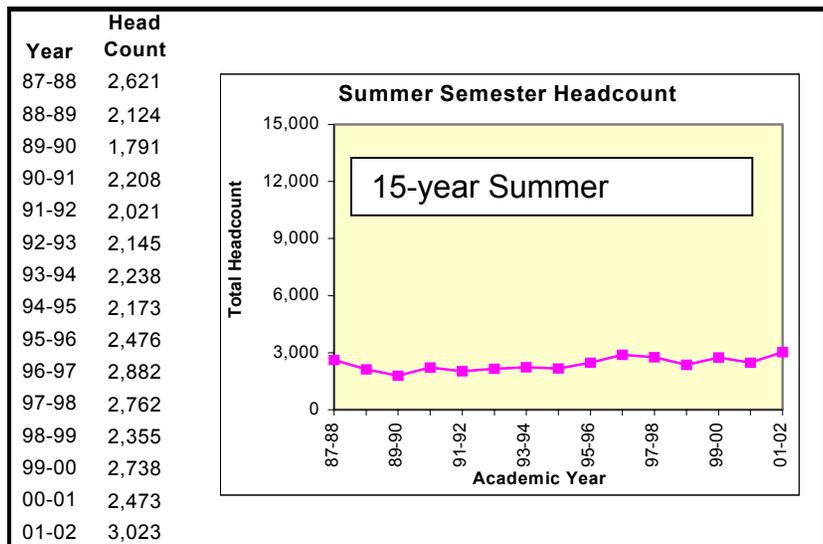

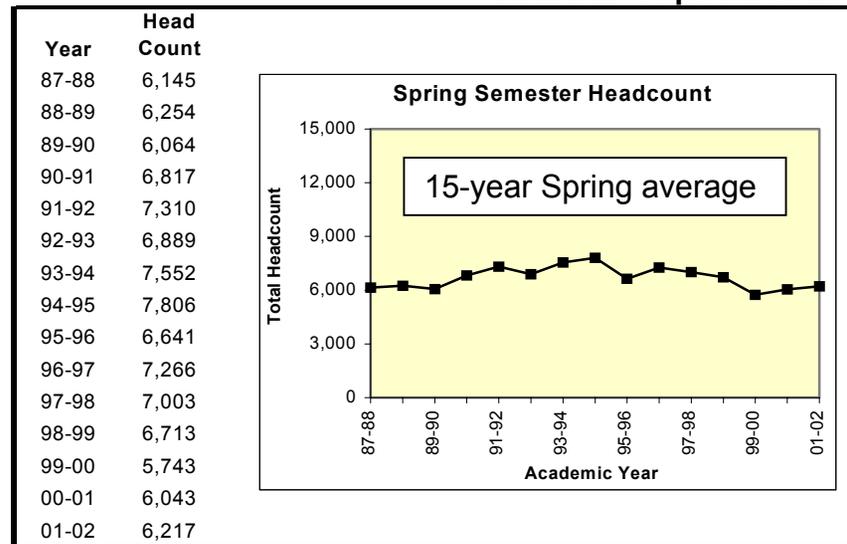

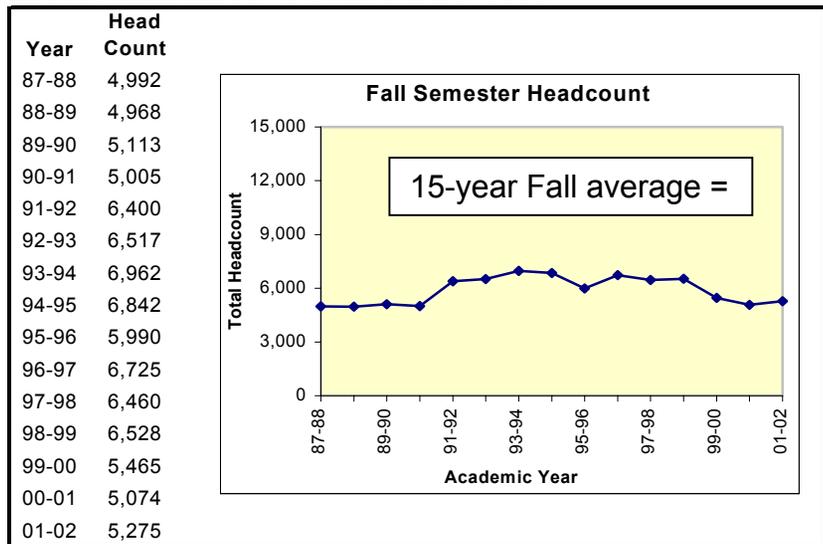

Fail to provide a monthly report of the College's current financial condition.

Response: Each month, as part of the Board's agenda, "Claims" and "Financial Reports" are presented for the Board's review and action. The reports accurately reflect the fiscal condition of the institution. Further, information regarding the Foundation's fiscal condition is provided to the Trustees from the Foundation Office each month. The clarifying questions asked by the Board are appreciated, as they help us to more fully discharge our accountability to the public.

ENROLLMENT COMPARISONS

One Academic Year = Summer, Fall & Spring sequence of terms

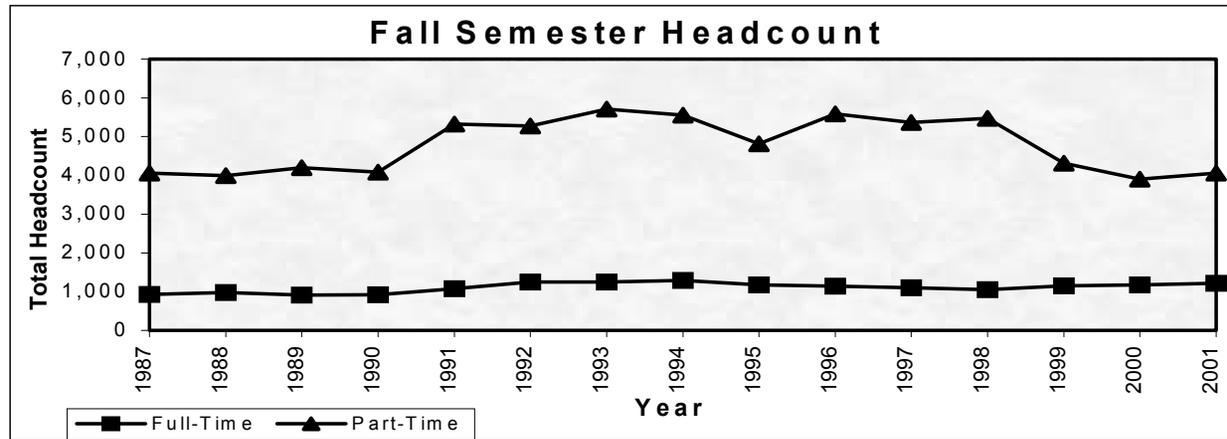

Response: For any academic year, the highest headcount always occurred during the Spring semester. In addition, headcount always increased from Fall to Spring semester.

Periodic enrollment reports containing more detailed elements provide the administration with snapshots of semester trends.

A Full-time student takes 12 or more credit hours.

Response: For Fall and Spring semesters, there is greater stability in the number of full-time students attending Barton compared with part-time students. The greatest increase in full-time enrollments occurred from Fall 1990 to Fall 1991 (17% increase). The greatest decrease in full-time enrollments occurred from Spring 1995 to Spring 1996 (12% decrease).

Student Right-to-Know & Campus Security Act

Annual: September 2002

Student Right-to-Know

In compliance with the Student Right-to-Know/Campus Security Act and the Jeanne Clery Disclosure of Campus Security Policy/Campus Crime Statistics Act, it is the policy of Barton County Community College to make readily available to all prospective/current students and college staff the following information on an annual basis concerning:

- The completion or graduation rate of all full-time, first-time certificate or degree seeking undergraduate students, as well as the average completion or graduation rate of students who have received athletically-related student aid (below), and
- The disclosure of crime statistics within specific classifications and arrests indicating reported incidents as required by law (next page).

Graduation Rates

Disclosure of Graduation Rates of All Full-time, First-time Students

The completion or graduation rate for all first-time students who entered Barton County Community College on a full-time basis in the Fall of 1998 is 39.3%.

	Total Number of Faculty	61	59	54	57
	Student/Faculty Ratio	39 to 1	47 to 1	43 to 1	46 to 1

Note: The higher ratio at Fort Riley is explained by the fact that there are two class cycles per semester, thus doubling the contact per instructor per semester.

Response:

Students have the opportunity to work directly with their faculty members due to the excellent student to faculty ratio. This helps to ensure greater opportunities for the individual student to master essential skills.

Note: The significant role played by adjunct instructors is evident in outreach, summer sessions on campus, and at Fort Riley. However, the on-campus day and evening programs enjoy the stability of our full-time teaching staff.

Response:

A majority of coursework provided by the College's full-time faculty occurs on campus; however, full-time faculty also mentor part-time faculty to ensure an integrated, consistent curriculum with similar standards. This helps ensure the development of essential skills.

Student Success/Completion in Remedial Courses Annual: September 2002

<i>Student Success/Completion in Remedial Courses</i>	Fall 2000	Spring 2001	Fall 2001	Spring 2002
Math	76.0%	63.0%	74.0%	63.0%
English	78.0%	76.0%	65.0%	67.0%
Reading	86.0%	85.0%	74.0%	78.0%

Notes: -The above figures are global for the entire College. Specific locations are not subdivided.
 -Successful completion is obtaining a grade of "C" or better or "P" in the course.

Response:

At Barton County Community College, students needing to develop foundational skills have the opportunity to do so, and most are successful in their mastery of those essential skills.

Average Class Size – Daytime, Lecture Annual: September 2002

<i>Average Class Size</i>		Fall 2000	Spring 2001	Fall 2001	Spring 2002
Main Campus	Average Class Size (Median)	15	13	17	14
	Average Class Size (Mean)	16	15	16	15
	Total Number of Classes	N=202	N=203	N=214	N=209
Out Reach	Average Class Size (Median)	9	8	10	8
	Average Class Size (Mean)	9	9	10	9
	Total Number of Classes	N=70	N=57	N=77	N=56
Fort Riley	Average Class Size (Median)	14	14	14	13
	Average Class Size (Mean)	17	15	15	14
	Total Number of Classes	N=255	N=305	N=252	N=292

Notes: -The above figures are for daytime lecture and lecture/lab classes that meet prior to 3:00 p.m.
 -Comparing values of median and mean class size indicates that there are a number of classes smaller than the institutional average. This allows for more opportunities of one-on-one instructor/student contact.

Response:

Students are provided with a learning environment that is conducive to personal attention, small group learning and an opportunity to work with and learn from their peers; thus promoting the acquisition of essential skills.

Course Success Rates by Discipline

Annual: September 2002

The success rates are determined by the following grades: A, B, C, P. The success rates do not include the grades D, F, I, or W.
