### **POLICY TITLE: “BARTON EXPERIENCE”**

Students will be positive about their Barton experience.

1. In exit surveys and other feedback report mechanisms, students will speak positively of their experiences at Barton.
2. Students will cite individual, personal, caring attention from faculty and staff as a significant factor in how they perceive their experience at Barton.

The attached data reports reflect that the college is having positive outcomes on the two measures stated above. The data from the Noel-Levitz and CCSSE (Community College Survey of Student Engagement) overwhelmingly reflect how the college continues to improve. The paragraphs below explain about our data sources.

Noel-Levitz has data collection services to help Barton optimize our enrollment management. They assist us in getting new students and other areas of enrollment. (source <https://www.noellevitz.com> )

CCSSE's (Community College Survey of Student Engagement) survey instrument, The Community College Student Report, provides information on student engagement, a key indicator of learning and, therefore, of the quality of community colleges. The survey, administered to community college students, asks questions that assess institutional practices and student behaviors that are correlated highly with student learning and student retention. *The Community College Student Report* is a versatile, research-based tool appropriate for multiple uses. It is a

- benchmarking instrument — establishing national norms on educational practice and performance by community and technical colleges.
- diagnostic tool — identifying areas in which a college can enhance students' educational experiences.
- monitoring device — documenting and improving institutional effectiveness over time.

Throughout the past two years Barton has maintained a high level of student satisfaction, one area which has improved over the previous years is the satisfaction of Fort Riley student advising. Barton has purposefully changed the advising methods and the data reflects those changes are effective.

## **Barton Campus**

### Kathy Boeger – Nominated by Adam Gotsche

*Mrs. B is one, if not the best, teacher that I have ever had in my life. She is the kind of teacher and person who would do anything to help her students become better people. No matter if it's school or life in general, she would do anything for her students.*

### Kevin Haxton – Nominated by Ryan Freivogel

*Kevin was my advisor for two years. He was a mentor and positive role model. He was never too busy to meet me whenever I needed his advice or assistance. He would meet me by coming in early or staying late. He helped me problem solve through different situations. HE never told me what to do, but helped me through the process to make the best decision. He made me feel important and good about myself and my decisions. With his guidance and support, I have been able to reach my goal of receiving my associate's degree.*

### Dr. John Simmons – Nominated by Adrian Ratlief

*Dr. Simmons made a positive impact on my life just by caring whether or not I was doing well in class. If other students or I needed some extra review time before a test, he would be glad to come in early. Also, he knows the material very well and throws in jokes w/ his lectures to help translate the information. This definitely helped to make a class like microbiology more enjoyable. I think he deserves the Difference Award because he is concerned about each and every student.*

## **Ft. Riley Campus**

### Michael Cox – Nominated by Tracy Honeycutt

*Mr. Cox continually made history fun! I always liked history, but after taking several history classes from Mr. Cox I began to love it! I intend to work toward my degree as a secondary education teacher for history. I hope I can make history fun for my students as Mr. Cox has done for me! His teaching has inspired me to become the best teacher I can be!*

### Dr. Charles Davis – Nominated by Karen L. Hobson

*I was taught by Dr. Davis in three classes: English Comp I, English Comp II and Philosophy. Dr. Davis was very helpful when I had questions and he is very knowledgeable in his field. Of all of my classes at Barton, I feel that I deserve the grades I received from Dr. Davis because I worked the hardest in his classes. He always made me feel like I could do better. He is an excellent teacher. I appreciate the chance to acknowledge him. Thank you.*

### Ashlee Douglas – Nominated by Elton Green

*Ashlee Douglas is one of four Fort Riley staff members who greatly assisted me in enrollment and in the Veterans Administration paperwork, which enabled me to go to Barton.*
