

CAREERS FEATURED AT THE FAIR!

Natural Gas (Fair Expo)

There are many opportunities in the Natural Gas industry for those with a strong technical background. Technicians are needed for corrosion control, gas measurement, instrumentation and electrical controls, pipeline construction, and programmable logic controller (PLC) programming.

Nursing (T140/Lab Tours)

A career in nursing opens many doors of opportunity including positions in hospitals, long term care facilities, community agencies, clinics and schools. Join us for this session and learn about the training required to work as a Licensed Practical Nurse and a Registered Nurse. An interactive activity will be included.

Sports Medicine/Athletic Training (Fair Expo)

Explore the field of sports medicine/athletic training through demonstrations of equipment used in the training room.

Welding (Fair Expo)

Many career opportunities are available in the welding industry including positions as assemblers, fabricators, boilermakers, machinists, pipe fitters and sheet metal workers. The wages are good, training required is minimal and the career path is suited to individuals who are detail oriented and creative.

An updated list of all career booths and activities will be available in the Career Fair packets.

CAREERS FEATURED AT THE FAIR!

Adult Healthcare (T119)

Certified Nurse Aide and/or Certified Medication Aide doesn't get any closer to the heart of care giving! Join our team as they share about the program, lab facilities and equipment. An on-site demonstration is included in the session.

Agriculture (Fair Expo/ Outside)

Careers in agriculture abound! Come learn about the many options available including production, animal science, management and commercial application. Weather permitting there will be farm machinery, animals and maybe even a drone!

Automotive (T-174)

Careers opportunities are in high demand and employment as an automotive technician, service adviser, parts specialist, shop foreman and service manager is available. Join us in Barton's auto shop for a tour, demonstration and equipment review.

Business (Fair Expo)

There are so many employment options in the field of Business! Learn about careers in accounting, management, leadership and entrepreneurship. Current Barton students in the "Spark" club will be available to answer questions.

Criminal Justice (T-107 - Come & Go)

Learn about a career in the criminal justice system. Jobs are available in law enforcement, forensic science, homeland security, private security, higher education, and legal services. Hands-on activity included.

Dietary Manager/Pre-Dietetics (Fair Expo)

Explore the world of food with activities that discuss portion sizes and sugar content. You will explore the importance of managers and what they do.

Early Childhood (Fair Expo)

You won't want to miss this booth! There will be student led hands-on activities with lots of play and fun!! Early childhood careers include positions that include teaching and caring for children ages birth to eight years.

Emergency Medical Services (Fair Expo)

An EMT and/or Paramedic is first on the scene of a health related incident or challenge. These professionals are responsible for assessing, treating and transporting patients for further medical treatment. Join the EMS team to learn more about this fast-paced and unique career field; demonstrations included.

Information Technology (T117)

Whether you are interested in Information Systems, Computer Science or Networking, spend time learning about the options available to prepare for a career in this field. There will be a hands-on exercise in Alice during the session.

Medical Support Programs (T-146/Clinic Tour)

Visit Cougarville Clinic to learn skills suitable for both administrative work in a medical office setting as well as basic acute patient procedures. Check out a manikin set up in the exam room, a minor instrument tray set up and the use of a sterilizer.

Medical Laboratory Technology (Fair Expo) Phlebotomy (Fair Expo)

Drop by this booth and learn about the "Diagnostic Detectives" of healthcare! MLT's hang out in the lab and provide critical information helpful to patient assessment and diagnosis. Program representatives will highlight this career option and be available to answer questions.

Music (Fair Expo)

Challenge your knowledge and speed of notes as well learning more about careers in the music field.

Essential Skills in the Workplace Session (T-185)

A quick discussion on what today's employer values in employees! It's not just technical skills, but essential skills! Come and learn how important it is to get along with your colleagues, come to work on time, dress professionally, demonstrate written and oral skills and the list goes on and on. This session is suitable for students as well as teachers.
