Barton Community College
Paramedic Application Requirements
ems.bartonccc.edu

- On the following page, you will find all the requirements needed for your paramedic application.
- We have moved to a fully online application through CastleBranch.
    - You will receive more information once you've completed the Paramedic Pre-Application Step-by-Step Guide.
- You will be required to upload all the requirements to your online application.
- DO NOT submit any of the following information via email, mail or fax (outside of transcripts).
- Please discuss any questions or concerns prior to starting an application. Barton is charged for each student who is issued an application through CastleBranch, so if you are unsure and just browsing your options, please get with us first so we can discuss any questions you may have.
- Be sure all requirements are in place prior to starting an application.
    - General education requirements must be completed prior to the first day of the program.
    - You are allowed to apply prior to completing all prerequisites, but if offered a spot in our program, keep in mind that it is contingent upon completing and passing all prerequisites.
