II. INSTRUCTOR INFORMATION

III. COLLEGE POLICIES

Students and faculty of Barton Community College constitute a special community engaged in the process of education. The college assumes that its students and faculty will demonstrate a code of personal honor that is based upon courtesy, integrity, common sense and respect for others both within and outside the classroom.

Plagiarism on any academic endeavors at Barton Community College will not be tolerated. The student is responsible for learning the rules of, and avoid instances of, intentional or unintentional plagiarism. Information about academic integrity is located in the Student Handbook.

The College reserves the right to suspend a student for conduct that is determined to be detrimental to the College's educational endeavors as outlined in the College Catalog, Student handbook, and College Policy & Procedure Manual. [Most up-to-date documents are available on the College webpage.]

Any student seeking an accommodation under provisions of the Americans with Disabilities Act (ADA) is to notify Student Support Services via email at disabilityservices@bartonccc.edu

IV. COURSE AS VIEWED IN THE TOTAL CURRICULUM

Medical-Surgical Nursing II is designed to fulfill the curriculum approved by the Kansas State Board of Nursing for Practical Nurse/Associate Degree completion. This course provides a foundation for higher level medical surgical courses to build upon. Medical-Surgical Nursing II fulfills partial curriculum requirements towards the Associate Degree in Nursing. Credits are transferable for additional nursing education according to individual college and university guidelines.

V. ASSESSMENT OF STUDENT LEARNING

Barton Community College is committed to the assessment of student learning and to quality education. Assessment activities provide a means to develop an understanding of how students learn, what they know, and what they can do with their knowledge. Results from these various activities guide Barton, as a learning college, in finding ways to improve student learning.

PN Alignment Program Outcomes/Barton Student Learning Outcomes (SLO)

1. Provide nursing care within the scope of the ethical and legal responsibilities of practical nursing
2. Utilize the nursing process across the lifespan to identify basic human needs and health maintenance, health preservation and prevention of illness or when human needs are not being met to assist in meeting physical, spiritual and psychosocial needs.
3. Provide safe and skillful therapeutic care in simple nursing situations based on knowledge of biological, psychosocial, and cultural needs of the individual throughout the life span.
4. Demonstrate effective interpersonal relationships with the client, the client's family, and members of the interdisciplinary healthcare team.
5. Demonstrate responsibilities of the practical nurse as an individual who collaborates within the global healthcare system and the community.
