General Business

Your Degree Option

K-State offers a Bachelor's of Science degree in General Business through distance education. This degree completion program is designed primarily for students who have completed the equivalent of the first two years of the business administration pre-professions (BAPP) program outlined by the College of Business Administration. The General Business degree provides a solid understanding of the fundamental areas in business: finance, accounting, management, and marketing. The curriculum is designed to prepare the student for the diverse environment of the business world. Applications for admission to this program are accepted through the Bachelor's Degree Completion Program in the Division of Continuing Education.

Your Career

Kansas State University's business graduates find jobs with large corporations and small businesses, government agencies, and nonprofit organizations. You'll find them involved with banking activities, trading on the commodity and stock exchanges, working in advertising agencies, practicing accounting in public and private firms, and working in major manufacturing businesses. They can also be found helping small businesses grow, working in family businesses, and even starting their own businesses. Our graduates also hire and supervise employees, train new managers, plan budgets, create new products, and set up company-wide information systems.

Get started!

The degree map on the reverse page will show you a listing of classes you need to take from Barton Community College and K-State to complete the General Business 2+2. This degree map has been reviewed and accepted by both schools as an illustration, which is subject to change. Many other combinations of courses may be possible, so students should contact a K-State representative or their community college advisor before committing to a particular transfer program.

To get started, contact the K-State 2+2 representative by calling 620-786-1188 or e-mail bartondce@k-state.edu.
