

Process Comparison Between Current Flow and Campus Logic Implementation

Current Workflow for receiving/reviewing/verifying FAFSA's

Workflow for receiving/reviewing/verifying FAFSA's with Campus Logic.

MAJOR PROCESS CHANGES

- Files are no longer manually reviewed.
- Only the initial information request must be generated by FAO
- Students and Parents will submit all forms online with E-Signatures
- Students are incapable of submitting incomplete documents
- Automated reminders are sent to students
- Text messages are used for real-time alerts
- Mismatched information following verification automatically gets requests for additional information and alerts student.
