## **BARTON COMMUNITY COLLEGE**

### **Management's Discussion and Analysis**

June 30, 2010

#### **Overview of the Financial Statements and Financial Analysis**

Barton Community College ("College") is presenting this discussion and analysis of its financial statements to provide an overview of the financial activities for the year. The annual financial statements are presented in accordance with pronouncements issued by the Government Accounting Standards Board (GASB), the authoritative body for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments, including public institutions of higher learning. The statements and notes continue to improve so that readers may receive full value from this information.

As defined by generally accepted accounting principles established by GASB, the financial reporting entity consists of the College, as well as its component unit, the Barton County Community College Foundation. The following discussion focuses on the College; separately issued audited financial statements for the Foundation can be obtained as discussed in note 1.

The basic financial statements focus on the College as a whole. The statements are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. There are three financial statements presented: the Statement of Net Assets; the Statements of Revenues, Expenses, and Changes in Net Assets; and, the Statement of Cash Flows. The discussions about these statements are based on comparative data and certain ratios.

#### **Statement of Net Assets**

The Statement of Net Assets is a point of time financial statement. The purpose of the Statement of Net Assets is to present to the readers of the financial statements a fiscal snapshot of Barton Community College. The Statement of Net Assets presents end-of-year data concerning Assets (current and non-current), Liabilities (current and non-current), and Net Assets (Assets minus Liabilities).

From the data presented, readers of the Statement of Net Assets are able to determine the assets available to continue the operations of the institution. They are also able to determine how much the institution owes vendors, investors, and lending institutions.

Finally, the Statement of Net Assets provides a picture of the net assets (assets minus liabilities) and their availability for expenditure by the institution.

Net assets are divided into three major categories. The first category, invested in capital assets, net of debt, provides the institution's equity in property, plant and equipment owned by the institution. The next asset category is restricted net assets, which is divided into two categories, non-expendable and expendable. The corpus of non-expendable restricted resources is only available for investment purposes. Expendable restricted net assets are available for expenditure by the institution but must be spent for specific purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted net assets. Unrestricted assets are available to the institution for any lawful purpose of the institution.

#### Statement of Net Assets

	<u>2010</u>	<u>2009</u>
<b>Assets:</b>		
Current assets	\$ 18,413,308	\$ 13,978,923
Capital assets, net	15,505,591	15,813,926
Other assets	<u>330,436</u>	<u>345,940</u>
<b>Total Assets</b>	<b>\$ 34,249,335</b>	<b>\$ 30,138,789</b>
<b>Liabilities:</b>		
Current Liabilities	\$ 3,038,426	\$ 1,948,950
Non-current Liabilities	<u>8,686,666</u>	<u>8,014,034</u>
<b>Total Liabilities</b>	<b>\$ 11,725,092</b>	<b>\$ 9,962,984</b>
<b>Net Assets:</b>		
Invested in capital assets, net of debt	\$ 6,163,655	\$ 7,319,787
Restricted – non-expendable	0	0
Restricted – expendable	5,651,303	2,117,086
Unrestricted	<u>11,636,970</u>	<u>10,738,932</u>
<b>Total Net Assets</b>	<b>\$ 23,451,928</b>	<b>\$ 20,175,805</b>

The College's net assets increased over last year. Our overall enrollment increased this past year, although state financial support did not keep up with the increase. The largest increases followed the nationwide trend toward distance education as the way the education is delivered.

The renovation of the Track and Soccer Complex was started this past year. Planning for the Complex has been in progress for a number of years. For 2010, capital assets comprised 45.2% of total assets, which is a decrease from last year. Total liabilities are 34.2% of total assets, which is a slight increase from the past year. Unrestricted net assets are 51.7% of total net assets, which is a slight decrease over the past year. Financially, we saw an increase in assets over the previous year, although a portion of this is the Foundations Title III payment and construction financing.

### Statement of Revenues, Expenses and Changes in Net Assets

Changes in total net assets as presented on the Statement of Net Assets are based on the activity presented in the Statement of Revenues, Expenses, and Changes in Net Assets. The purpose of the statement is to present the revenues received by the institution, both operating and non-operating, the expenses paid by the institution, operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the institution.

Generally speaking, operating revenues are received for providing goods and services to the various customers and constituencies of the institution. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the institution. Non-operating revenues are revenues received for which goods and services are not provided. Examples of non-operating revenues are state appropriations and local ad valorem taxes. These are “non-operating” because the Kansas Board of Regents provides state appropriations to the institution, and the Kansas Board of Regents does not directly receive goods or services for those revenues. Like the state appropriations, the property owners of Barton County provide the local ad valorem taxes, and the property owners do not directly receive goods or services for those revenues.

### Statement of Revenues, Expenses and Changes in Net Assets

	<u>2010</u>	<u>2009</u>
Operating revenues	\$ 24,557,395	\$ 19,286,731
Operating expenses	<u>38,346,512</u>	<u>35,939,324</u>
Operating loss	(13,789,117)	(16,652,593)
Net non-operating revenues (expenses)	<u>17,065,240</u>	<u>17,057,167</u>
Net increase (decrease) in net assets	3,276,123	404,574
Net assets - beginning of year	<u>20,175,805</u>	<u>19,771,231</u>
Net assets - end of year	<u>\$ 23,451,928</u>	<u>\$ 20,175,805</u>

The Statement of Revenues, Expenses, and Changes in Net Assets reflect a positive year for 2010 with our net assets increasing as compared to last year. Although credit hour production increased for the year, and our in-state hours increased for the year, the state support for these hours decreased. Our BartOnline distance education continues to increase while we continue to see reductions in our EduKan business. Increases in student tuition & fees helped offset the decrease in state funding.

Operations at Ft. Riley remained relatively level over last year, although we anticipate that with troops returning our operations will grow next year. The number of students occupying student housing remained stable as compared to last year, and with a change in housing rates, our housing revenues increased over the previous year.

The State made several “adjustments” to the funding levels throughout the year, therefore our funding from the state decreased slightly over the previous year. The decrease can be attributed to the statewide funding issues affecting all state supported entities. Property tax receipts increased slightly from the previous year.

We were not able to provide salary increases for our employees this past year. Our health insurance plan, which operates on a self-insured basis, continues to see increases in its costs. We saw a major reduction in our health plans cash reserve due to these increased costs. Because health insurance is a major employee benefit, the College continues to cover the cost of a single plan for our employees.

### Statement of Cash Flows

The final statement presented by Barton Community College is the Statement of Cash Flows. The Statement of Cash Flows presents detailed information about the cash activity of the institution during the year. The statement is divided into five parts. The first part deals with operating cash flows and shows the net cash used by the operating activities of the institution. The second section reflects cash flows from noncapital financing activities. This section reflects the cash received and spent for non-operating, non-investing, and non-capital financing purposes. The third section reflects the cash flows from capital and related financing activities. This section deals with the cash used for the acquisition and construction of capital and related items. The fourth section deals with cash flows from investing activities and shows the interest received from investing activities. The fifth section reconciles the net cash used to the operating income or loss reflected on the Statement of Revenues, Expenses, and Changes in Net Assets.

### Cash Flows for the Year

	<u>2010</u>	<u>2009</u>
<b>Net cash provided (used) by:</b>		
Operating activities	\$ (13,133,669)	\$ (16,048,028)
Non-capital financing activities	16,964,770	16,896,509
Capital and related financing activities	(681,825)	327,050
Investing activities	<u>100,471</u>	<u>160,658</u>
<b>Net Change in Cash</b>	3,249,757	1,336,189
<b>Cash - beginning of year</b>	<u>12,959,075</u>	<u>11,622,886</u>
<b>Cash - end of year</b>	<u>\$ 16,208,832</u>	<u>\$ 12,959,075</u>

The cash flow statement reflects the successful continued growth in cash. Some of the increase in cash is due to the construction financing and the Foundation’s payment

toward the Gallery balloon payment. Due to our increased growth, our enrollment revenue was able to offset the decrease in state funding. The College's cash balance increases will help the future operations of the college.

#### **Capital Asset and Debt Administration**

At fiscal year-end, the College had \$24,704,441 of plant, property, and equipment which is an increase of \$335,695 over the prior year. The related accumulated depreciation increased to \$9,192,768 with depreciation charges of \$595,615 recognized in the current fiscal year. More detailed financial activity related to the changes in Capital Assets is presented in Note 3 (Capital Assets).

The College increases long-term debt by a net amount of \$847,796 in 2010. This increases long-term debt to \$10,078,411 at fiscal year-end. During the current fiscal year, the College entered into Lease Purchase agreement in an amount of \$ 1,200,000. The proceeds will be used to finance the renovations to the Track & Soccer complex. Refunding Certificate of Participation #11 issued during May 2004 is scheduled to be paid off August 1, 2010. In a prior year, the Foundation agreed to pledge \$900,000 of the Title III Challenge Grant funds to the College for payment of a portion of this debt. The Foundation paid their pledge (plus interest) to the College in March of 2010. More detailed financial information related to Long Term Debt is presented in note 4 and 5.

#### **Economic Outlook**

The current state of the economy is causing an increase in the educational business statewide. Barton's enrollment in all of our sectors of education has been impacted positively. Our distance education continues to grow and we do not see any indicators that this growth has leveled off. Our Ft. Riley operations stabilized over the past year, although the long-term outlook for Ft. Riley is positive with the anticipation of troops returning to the Fort. The method of delivering education continues to move to distance education versus traditional face-to-face delivery.

Our dependency on state funding and local valuations for funding play a major role in our financial success. The political and financial uncertainty of the state will continue to be a challenge for higher education. An alternative funding formula is currently being discussed at the state level, which may or may not enhance the funding of higher education throughout the state.

The College will continue to be good stewards of the local and state funding that it receives, and will take appropriate actions to continue the growth and success of its educational operations.

### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees  
Barton Community College  
Barton County, Kansas

We have audited the accompanying statement of net assets of Barton Community College (College), Barton County, Kansas, as of June 30, 2010 and 2009, and the related statement of revenues, expenses and changes in net assets and the statement of cash flows for the years then ended. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Barton Community College Foundation (Foundation), a component unit of the College. Those statements were audited by other auditors, whose report has been furnished to us, and in our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the *Kansas Municipal Guide* and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the report of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the College and the Foundation, as of June 30, 2010 and 2009, and the changes in their net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2010, on our consideration of the College's internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audits.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages i through v and 39 through 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statement, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The combining schedules listed in the index and on pages 31 through 38, are presented for purposes of additional analysis and are not a required part of the financial statements of the College. The accompanying schedule of expenditures of federal and state awards as listed in the index is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is also not a required part of the financial statements of the College. The schedule of expenditures of federal awards is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNEMENT AUDITING STANDARDS**

Board of Trustees  
Barton Community College  
Barton County, Kansas

We have audited the financial statements of Barton Community College (College) as of and for the year ended June 30, 2010, and have issued our report thereon dated December 17, 2010. We did not audit the financial statements of Barton Community College Foundation (Foundation), a component unit of the College. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course, of performing their assigned functions, to prevent or detect mis-statements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Ness City, KS 67560  
(620) 792-2588

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of the management, Board of Trustees, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report, which upon acceptance by the College, is a matter of public record.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Trustees  
Barton Community College  
Barton County, Kansas

### Compliance

We have audited the compliance of Barton Community College (College), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2010. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the College's management. Our responsibility is to express an opinion on the College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the College's compliance with those requirements.

In our opinion, the College complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

### Internal Control Over Compliance

The management of the College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our

---

Member of the American Institute of CPA's and the Kansas Society of CPA's

2200 Lakin St., Suite A  
Great Bend, KS 67530  
(620) 792-2588 ~ Fax (620) 792-6728

111 E. Pearl Street  
Dighton, KS 67839

devin.mcmillen@sbcglobal.net

115 N. Pennsylvania St.  
Ness City, KS 67560  
(620) 792-2588

opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a *significant deficiency*, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, management, others within the organization, Board of Trustees, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report, which upon acceptance by the College, is a matter of public record.

NOTES TO FINANCIAL STATEMENTS ARE AN INTEGRAL PART OF THESE STATEMENTS

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

1. **Summary of Significant Accounting Policies**

The accounting policies of the Barton Community College conform to generally accepted accounting principles applicable to public institutions engaged only in business-type activities adopted by the Government Accounting Standards Board (GASB). During the year ended June 30, 2004, the College implemented GASB Statement No. 35, which prescribes a new reporting model for public colleges within the reporting guidelines of GASB Statement No. 34, as amended by GASB Statement No. 37. The College also implemented GASB Statement No. 38, which prescribes new and revised note disclosures.

**A. Nature of Operations**

Barton Community College is a modern comprehensive community college authorized by Kansas House Bill #893-1963 and approved by the State Superintendent of Education in July 1965. The institution offers a multi-faceted curriculum for a student population of approximately 5,200 full-time equivalent students annually. Presently, about one-third of the students attend classes on the main campus. The other two-thirds are enrolled at one of a number of off campus sites operated in the six surrounding counties, as well as, in or near the cities of Salina and Junction City, Kansas.

**B. Reporting Entity**

The College is a special purpose government that is governed by a separately elected board of trustees. It is legally separate and fiscally independent of other state and local governments. The financial reporting entity, as defined by Government Accounting Standards Board ("GASB") Statement 14, "The Financial Reporting Entity", consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. Accordingly, the financial statements include the accounts of all agencies of Barton Community College, as the primary government.

The Foundation is a legally separate, tax-exempt component unit of the College. The Foundation maintains and administers the resources available for College projects, equipment and scholarships. The revenue is generated by bequests, gifts and private contributions. This money is expended based upon the requirements established by the donor. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or incomes thereon, which the Foundation holds and invests, are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College. Scholarships, grants and gifts totaling \$75,622 and expenditure reimbursements of \$229,478 were provided to the College during the year.

The Foundation is a not-for-profit corporation under Internal Revenue Code Section 501(c) (3), organized in 1969 for the purpose of promoting and fostering the educational and cultural interests of Barton Community College. The Foundation reports its financial results under Financial Accounting Standard Board (FASB) Statements. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial report for these differences. The component unit's financial data has, however, been aggregated into like categories for presentation purposes. Separately issued audited financial statements for the Foundation may be obtained from the College's administrative office.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Summary of Significant Accounting Policies, continued**

**C. Basis of Presentation and Accounting**

The financial statements include a statement of net assets; a statement of revenues, expenses, and changes in net assets; and a statement of cash flows.

A statement of net assets provides information about the assets, liabilities, and net assets of the College at the end of the year. Assets and liabilities are classified as either current or non-current. Net assets are classified according to external donor restrictions or availability of assets to satisfy College obligations. Invested in capital assets net of related debt represents the net value of capital assets less the debt incurred to acquire or construct the asset. Non-expendable restricted net assets are gifts that have been received for endowment purposes, the corpus of which cannot be expended. Expendable restricted net assets represents grants, contracts, gifts, and other resources that have been externally restricted for specific purposes. Unrestricted net assets include all other net assets, including those that have been designated by management to be used for other than general operating purposes.

A statement of revenues, expenses, and changes in net assets provides information about the College's financial activities during the year. Revenues and expenditures are classified as either operating or non-operating, and all changes in net assets are reported, including capital contributions and additions to endowments. Generally, revenues generated by the College for instruction and public service, such as property taxes and state appropriations, are not generated from operations and are considered to be non-operating revenues.

A statement of cash flows provides information about the College's sources and uses of cash and cash equivalents during the year. Increases and decreases in cash and cash equivalents are classified as operating, non-capital financing, capital and related financing, or investing.

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the financial statements of the College are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized in the year in which they are levied. State appropriations are recognized as revenue in the year in which the appropriation is first made available for use. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources as they are needed.

The College follows FASB Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with or contradict GASB pronouncements.

**D. Cash and Cash Equivalents**

The College considers unrestricted and temporally restricted funds that are highly liquid investments with an original maturity of three months or less to be cash and cash equivalents. This would include dividend and savings accounts, and certificates of deposit or short term investments. Cash contributions that are

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Summary of Significant Accounting Policies, continued**

restricted by the donor for long-term purposes are not included in the definitions of cash even though the funds are invested in short term liquid investments. The College does not include in the definition of cash, Title III Challenge Grant monies which are restricted from spending until 2010.

**E. Deposits and Investments**

Kansas statutes authorize the College to invest in certain specified securities, including time deposits, repurchase agreements and U.S. Government obligations. The College accounts for its investments at fair value in accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", if applicable. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statements of revenues, expenses and changes in net assets.

**F. Accounts Receivable**

Accounts receivable consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty and staff. Accounts receivable also include amounts due from the Federal government, state and local governments (including property taxes) or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts. The allowance for uncollectible amounts is maintained at a level that, in managements judgment, is adequate to absorb the losses inherent to student services. The allowance accounts are recorded at actual cost and reduced by any charge – offs or net recoveries.

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are due and payable at that time. First half taxes are delinquent after December 20 and second half taxes after May 10. Previous to 2004, second half taxes were due by June 20.

Collection of current year property tax by the County Treasurer is not completed, apportioned nor distributed to the various subdivisions until the succeeding year, such procedure being in conformity with governing state statutes. For budget purposes, current year property taxes receivable are not available as a resource that can be used to finance the current year operations of the College. However, as previously stated for financial statement purposes under GASB 34, property taxes are properly accrued and recognized in the year in which they are levied.

It is not practicable to apportion delinquent taxes held by the County Treasurer at the end of the audit period and, further, the amounts thereof are not material in relation to the financial statements taken as a whole.

**G. Inventories**

Inventories, consisting mainly of new and used text-books, school supplies and soft goods, are valued at the lower of cost or market using the first-in, first-out method of accounting.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Summary of Significant Accounting Policies, continued**

**H. Other Assets**

Debt issuance costs pertaining to the certificates of participation have been capitalized and are being amortized by use of the straight-line method over the life of the issue. Debt issue costs are presented net of amortization. Prior to GASB 34 changes, only the portion of debt issuance costs allocated to the auxiliary enterprise funds had been capitalized and annually amortized.

**I. Capital Assets**

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Vehicles	5	Years
Machinery & Equipment	20-40	Years
Library Materials	80	Years
Buildings	80	Years
Improvements	20-40	Years
Infrastructure	10-80	Years

The Foundation has a collection of art works presented for public exhibition and education that is being preserved for future generations. The proceeds from sales of any pieces of the collection are used to purchase other acquisitions. The collection is not depreciated as part of capital assets.

GASB 34 required the College to report and depreciate new infrastructure assets effective with the beginning of the year ended June 30, 2003. Infrastructure assets include streets, sidewalks, parking lots, the water system and the sewer system. Neither their historical cost nor the related depreciation had been reported in prior year's financial statements. The retroactive reporting of infrastructure is subject to an extended implementation period and is first effective for fiscal years ending in 2006. The College elected to implement the general provisions of GASB 34 and the retroactive infrastructure provisions in the year ended June 30, 2003.

**J. Compensated Absences**

The liability and expense incurred for employee vacation pay are recorded as accrued vacation payable in the statements of net assets, and as a component of compensation and benefit expense in the statements of revenues, expenses and changes in net assets.

The College policy regarding compensated absences is detailed in Note 7.

**K. Retirement Plan**

The College has a defined benefit pension plan, as explained in Note 6.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Summary of Significant Accounting Policies, continued**

**L. Long-Term Debt**

Long-term debt includes (a) principal amounts of certificates of participation, Kansas Board of Regents loan payable and capital lease obligations; (b) other liabilities that will not be paid within the next fiscal year.

**M. Net Assets**

The College's net assets are classified as follows:

*Invested in Capital Assets, Net of Related Debt:* This represents the College's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

*Restricted Net Assets – Expendable:* Restricted expendable net assets include resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

*Restricted Net Assets – Nonexpendable:* Nonexpendable restricted net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

*Unrestricted Net Assets:* Unrestricted net assets represent resources derived from student tuition and fees, federal and state funding, property taxes, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

When an expense is incurred that can be paid using either restricted or unrestricted sources, the College's policy is to first apply the expense towards restricted resources, and then towards unrestricted resources.

**N. Classification of Revenues**

The College has classified its revenues as either operating or non-operating revenues according to the following criteria:

*Operating revenues:* Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most Federal, state and local grants and contracts, appropriations and property taxes and (4) interest on institutional student loans.

*Non-operating revenues:* Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, and other revenue sources that are defined as non-operating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB No. 34, such as investment income.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Summary of Significant Accounting Policies, continued**

**O. Income Taxes**

Barton Community College is a local governmental entity not subject to taxation, including income taxes, by other governmental entities, under the constitution of the United States of America.

The Foundation is a charitable organization exempt from income taxes under Section 501 (c) (3) of the Internal Revenue Code of 1954 as amended.

**P. Budgets and Budgetary Comparisons**

Applicable Kansas statutes require that budgets be legally adopted for all funds on an 18-month basis, unless exempted by a specific statute. All budgets are prepared utilizing the modified accrual basis further modified by the encumbrance method of accounting – that is, commitments, such as purchase orders and contracts, in addition to disbursements and accounts payable are recorded as expenditures.

In preparing an 18-month budget, the remaining taxes from the levy of the preceding calendar year are recognized as an asset. All revenues and expenditures are estimated on an 18-month basis. The tax levy required to finance the budget is on a calendar-year basis.

Original appropriations are modified by supplemental appropriations and transfers among budget categories. The Board of Trustees approves all significant changes. All unencumbered appropriations (legal budget expenditure authority) lapse at year-end.

**Q. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**R. Reclassifications**

Certain amounts presented in the prior year comparative statements have been reclassified to conform to the current year's presentation. In previously issued financial statements the Foundation was combined with the College. 2008 was the first year the Foundation was presented separately from the College.

**2. Deposits and Investments**

**College**

K.S.A. 9-1401 establishes the depositories which may be used by the Government. The statute requires banks eligible to hold the Government's funds have a main or branch bank in the county in which the Government is located or in an adjoining county if such institution has been designated as an official depository and the banks provide an acceptable rate of return on funds. In addition K.S.A. 9-1402 requires banks to pledge securities for deposits in excess of FDIC coverage. The College has no other policies that would further limit interest rate risk.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Deposits and Investments, continued**

K.S.A. 12-1675 limits the Government's investment of idle funds to time deposits, open accounts and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Government has no investment policy that would further limit its investment choices.

*Concentration of Credit Risk:* State statutes place no limit on the amount the Government may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

*Custodial Credit Risk for Deposits:* Custodial credit risk is the risk that in the event of bank failure, the College's deposits may not be returned to it. State statutes require the Government's deposits in financial institutions to be entirely covered by Federal Depository Insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The College has not designated a "peak period". All deposits were legally secured at June 30, 2010.

At June 30, 2010 the College's deposits consisted of demand deposit accounts, money market accounts and certificates of deposit. The carrying amount of the College deposits was \$14,129,007 and the bank balance was \$15,006,207. Approximately 90% of the bank balance was held by three banks resulting in a concentration of credit risk. The difference between the carrying amount and the bank balance consists of outstanding checks and deposits in transit. Of the bank balance, \$1,652,648 was covered by FDIC Insurance; \$15,403,558 was collateralized by pledged securities held under joint custody receipts issued by a third-party bank in the College's name. The third-party holding the pledged securities is independent of the pledging bank. The pledged securities are held under a tri-party custodial agreement signed by all three parties: the College, the pledging bank, and the independent third-party bank holding the pledged securities.

*Custodial Credit Risk for Investments:* For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the Government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. As of June 30, 2010 the College had no investments.

**Foundation**

*Restricted Investments:* The Foundation has recorded a portion of its investments as long-term due to restrictions placed by either the donor or granting agency. As of June 30, 2010 and 2009, the Foundation has received \$2,383,083 and \$2,360,138, respectively, in cash and stock contributions that are permanently restricted by the donor. The various donors have specified that the donation must remain intact, but the investment income can be spent on scholarships. The fair market value of these permanently restricted donations was \$2,586,323 and \$2,463,287, respectively, at June 30, 2010 and 2009. Furthermore, the Foundation had \$1,248,670, in the Title III Challenge Grant Investment account at June 30, 2009. Per the grant agreement, these funds became available for use in 2010. Therefore, these funds were transferred to other accounts maintained by the Foundation during the fiscal year ending June 30, 2010.

Investments are stated at fair market value and consist of money market funds, mutual funds, stocks, and bonds as follows:

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

4. Lease Obligations

The College had one operating lease at June 30, 2010 and 2009 for a building located in Junction City used as an educational site. The capital leases for June 30, 2010 and 2009 are as follows: a lease for three Ford Taurus Autos and two Ford Maxi Vans dated 01-28-05 for 60 months, a lease for an International 46 Passenger Bus dated 8-15-06 for 60 months and a lease for a Canon Copy Machine dated 10-06-08 for 48 months. Capital lease contracts evolve into ownership as the lease amounts are paid in full.

Future minimum lease payments for capitalized leases and aggregate minimum rental payments under the operating lease agreements that have an initial non-cancelable lease term in excess of one year are as follows:

June 30, 2010		
	Capital Leases	Operating Leases

Total	\$ 9,749,572	5,647,134	9,157,500	5,794,405

Beginning in 1985, the College changed its primary debt financing from General Obligation and Revenue Bonds to Certificates of Participation. These certificates are long-term leases with the option of acquiring title to the property at any regular payment date essentially by paying the remaining principal amount plus accrued interest to date.

At June 30, 2010 and 2009, there were no general obligation or revenue bonds outstanding.

Four Certificates of Participation were outstanding at June 30, 2010 and three were outstanding June 30, 2009. Certificate of Participation No. 8 was issued as a refunding issue, No. 9 was issued to finance the Kirkman Activity Center addition and No. 10 was issued to finance the construction of the Student Suites Housing. Certificate No. 11 was issued during 2004 to refund certificate No. 8, primarily providing a lower interest rate. Certificate No. 12 was issued during 2005 to refinance certificate No. 10 for a lower interest rate. Certificate No. 13 was issued December 1, 2008 for remodeling and improvements to the Library and the Technical Building. Certificate No. 14 was issued November 25, 2009 for construction of a new track and soccer field.

The portion of Certificate of Participation No. 11, and before that, No. 8, pertaining to the Shafer Art Gallery, consists of an interest only payment until August 1, 2010, when a final balloon principal payment of \$985,000.00 is due. Interest payments are being paid out of the General Fund. The Foundation previously agreed to make a portion of the final balloon principal payment of \$900,000.00. During March of 2010 the Foundation paid the College \$1,021,071, which represented the \$900,000 as promised plus accrued interest. The college remains liable for the final payment. Hence, long-term debt shown on the Statement of Net Assets includes all of Certificate of Participation No. 11 for each respective year. In addition, the Shafer Art Gallery is included in "Capital Assets, being Depreciated" on the Statement of Net Assets, for which the entire proceeds of the certificate of participation were used. The College has title to this building and all other buildings and equipment on campus. The College made the final payment on Certificate of Participation No. 11 during July 2010.

During the fiscal year ended June 30, 2008, the College entered into a non-interest bearing Loan Agreement with the Kansas Board of Regents in an amount not to exceed \$1,300,000. This agreement is known as the Post-Secondary Educational Institution (PEI) Infrastructure Improvement Program Loan Agreement. The proceeds were used to renovate the Library.

**6. Defined Benefit Pension Plan**

Plan Description - All employees of Barton Community College meeting KPERS requirements participate in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et seq.* KPERS provides retirement benefits, disability income benefits and death benefits.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Defined Benefit Pension Plan, continued**

Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 South Kansas Avenue, Suite 100, Topeka, KS 66603-3803) or by calling 1-888-275-5737.

Funding Policy – K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary. Member-employees' contributions are withheld by their employer and paid to KPERS, according to the provisions of Section 414(h) of the Internal Revenue Code. The State of Kansas is required to contribute the remaining amount necessary to achieve the actuarially determined contribution rate. Kansas currently contributes 7.97% of covered payroll. These contribution requirements are established by KPERS and are periodically revised. A new funding policy was established to take effect July 1, 2009 that would change the required member-employee rate from 4% to 6% for new hires unless they were employed by a previous KPERS employer.

The payroll for employees covered by the System for the year ended June 30, 2010 was \$11,907,226; the total gross payroll was \$14,275,695; and June 30, 2009 the payroll for covered employees was \$12,047,067; the total gross payroll was \$14,046,849.

The contribution requirement for the year ended June 30, 2010 was \$1,508,277, which consisted of \$1,020,449 from the College and \$487,828 from employees; these contributions represented an aggregate of 8.57% and 4.00% or 6.00% of covered payroll, respectively. The contribution requirement for the year ended June 30, 2009 was \$1,442,034, which consisted of \$960,151 from the College and \$481,883 from employees; these contributions represented an aggregate of 7.37% and 4.00% of covered payroll, respectively.

Membership in KPERS is mandatory for all employees in covered positions. College employees in a KPERS covered position become members on their first day of employment. The requirements for a covered position are (1) position is not temporary (2) position is not seasonal (3) position requires at least 630 hours of work per year and (4) position is covered by social security. Substantially all employees of Barton Community College are required to participate in the System. Employees may retire with full benefits at age 65 with 1 year of service credit, age 62 with 10 years of service credit, or any age when the employees combined age and years of service are equal to or greater than 85. Employees may retire with reduced benefits as early as age 55, if they have at least 10 years of credited service. A reduction factor of 0.2 percent is applied for each month they are between the age of 60 and 62, plus (+) 0.6 percent for each month they are between the ages of 55 and 60. Retirement benefits are calculated using formulas that are set by State Law. The formulas take in- to account the member's final average salary, years of service and a statutory multiplier. Final average salary is the higher of a four-year average or a three-year final average salary. Benefits fully vest on reaching 10 years of service.

The system also provides death and disability benefits. Benefits are established by State statute.

**7. Compensated Absences**

All 12-month employees of Barton Community College, such as the executive, 12-month faculty, hourly and exempt personnel are entitled to vacation time under the following schedule:

- a. Executive personnel: 13.33 hours per month (20 days per year) and a maximum of 40 days of vacation may be accumulated.
- b. 12-Month Faculty – Barton Campus: Under 5 years of service – 8.00 hours per month (12 days per year), 5 or more years of service – 11.33 hours per month (17 days per year) and a maximum of 24 days of vacation may be accumulated.
- c. 12-Month Faculty – Fort Riley Campus : 20.00 hours per month (30 days per year) and a maximum of 30 days of vacation may be accumulated.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Compensated Absences, continued**

- d. Hourly personnel: Under 5 years of service – 6.67 hours per month (10 days per year), 5 or more years of service – 10 hours per month (15 days per year) and a maximum of 20 days of vacation may be accumulated.
- e. Exempt personnel: Under 5 years of service – 8.00 hours per month (12 days per year), 5 or more years of service – 11.33 hours per month (17 days per year) and a maximum of 24 days of vacation may be accumulated.

Amounts accrued at June 30, 2010 totaled \$582,789 and June 30, 2009 totaled \$585,889.

**8. Employee Benefits**

Barton Community College offers numerous employee benefits to all full-time employees. Those benefits are College sponsored family health insurance premiums (the difference between the amount funded by the College), dependent care, medical expense reimbursement, and/or Cancer and/or Accident Insurance premiums.

**Health/Dental Insurance** – Group health/dental insurance is available to full-time employees subject to the availability of funds. The College pays the monthly premium for a single plan in full for employees that are non-smoking. If a family plan is desired, the employee pays the difference between the cost funded by the College and that of a family plan.

**Flexible Benefit Plan** – The flexible benefit plan is a fringe benefit package established by the College that allows the employee to pay for a select group of fringe benefits, using before-tax dollars. Those benefits are College sponsored family health insurance premiums (the difference between a single policy and a family policy), dependent care, medical expense reimbursement, and/or Cancer and/or Accident Insurance premiums.

**Life Insurance** – The College provides a term life insurance policy for full-time employees. The College pays the entire premium. The amount of coverage is as follows: \$20,000 up to age 65, \$13,000 to age 70, 9,000 to age 75, and \$6,000 at age 75 and older.

**KPERS** – All employees of the College meeting KPERS requirements participate in the Kansas Public Employees Retirement System. Employees contribute 4% of their salary, which is deducted from their check each month. See Note 6.

**403(b) Plan** – The College provides a "tax-sheltered annuity plan" to eligible employees, pursuant to Code Section 403(b) of the Internal Revenue Code. The 403(b) Plan is a single-employer plan.

**Sick Leave** – Employees are eligible for sick leave benefits according to the following criteria:

- a. Executive Staff – 8 hours per full month of employment and a maximum of 960 hours may be accumulated.
- b. Faculty – 8 hours per full month of employment and a maximum of 960 hours may be accumulated.
- c. Exempt Staff—Full-time exempt staff employees accrue 8 hours per full month of employment, ¾-time exempt staff employees accrue 6 hours per full month of employment, 1/2-time exempt staff employees accrue 4 hours per full month of employment. A maximum of 960 hours may be accumulated.
- d. Hourly Staff – Full-time hourly employees accrue 8 hours per full month of employment. Part-time hourly employees accrue .0462 hours per each hour worked. A maximum of 960 hours may be accumulated.

Employees are not paid for unused sick leave upon termination of employment except for those employees qualifying for early retirement. A qualified early retiree will be paid for accumulated sick leave at a rate of the retiree's average base salary for the last 4 years of employment times (X) ¼

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Employee Benefits, continued**

the number of accumulated sick days up to \$100 per day. Accordingly, sick pay is charged to expenditures when taken. No provision has been made in the financial statements for unused sick leave.

Paid Holidays – The following are established holidays for the College: Martin Luther King Day, Spring Break (2 days), Good Friday and the following Monday, Memorial Day, Independence Day,

Labor Day, Thanksgiving and the Wednesday before and the following Friday, 10 working days for Christmas break in accordance with the academic calendar. Full time employees receive 2 days of personal leave per year.

Due to the unique teaching and operational schedule at Fort Riley, a holiday schedule for Fort Riley personnel is published annually at the beginning of each fiscal year.

**9. Early Retirement Program**

Prior to July 1, 2008 the College provided an early retirement program for certain eligible employees. Those eligible under the program received benefits for up to 5 years. Eligible employees received health insurance coverage (single membership) equal to that of a full-time employee from the time the employee chose to take early retirement and will continue until the early retirement employee reaches age 65. Eligible employees received continuation of the "College Group Life Insurance Coverage". The College provided payment for the accrued Vacation Leave as outlined in the Vacation Leave procedure. Additionally, payment was provided for accrued sick leave at the rate of the retiree's average base salary calculated as a daily rate for the last four years of employment times (X) ¼ the number of accrued sick days, up to \$100 per day. The College also provides annual payments equating to 11% of the retiree's average base salary for the four highest years of employment at the College. Per GASB Statement No. 47 the College recognized a liability and expense for voluntary termination benefits when the offer was accepted and the amount could be estimated. Effective July 1, 2008 this program was terminated for any future retiree's, but will continue for eligible retiree's already in the program at that time. Payments for the 10 retired employees under this plan were \$40,918 for the year ended June 30, 2010 and for the 10 retired employees payments were \$39,920 for year ended June 30, 2009.

**10. Other Post Employment Benefits**

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the College makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the College under this program.

**11. Compliance with Kansas Statutes**

No cash basis or budget violations were noted for the year ending June 30, 2010.

**12. Compliance with Federal Regulations**

There were no instances of noncompliance noted for the year ending June 30, 2010.

**13. Beneficial Interest in Remainder Trust**

**Foundation**

The Foundation was named as a 20% beneficiary of two trusts which own farmland and small amount of cash. The trust documents state that the farmland should remain in the trusts until twenty years and nine months after the death of the last survivor. The last survivor passed away on August 14, 2000 and therefore, the trusts will continue until 2021. The Foundation's interests in these trusts are recorded in the financial statements at 20% of the fair market value of the farmland and cash. The amount recorded as a beneficial interest of these trusts was \$89,964 and \$90,128 as of June 30, 2010 and 2009, respectively.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**Beneficial Interest in Remainder Trust continued**

The Foundation was named a 50% beneficiary of a trust that contains cash and marketable securities. The income earned by the trust's assets is distributed to five beneficiaries and then, upon the death of the last income beneficiary, a portion of the trust corpus will be distributed to the Foundation. The Foundation has recorded its respective interest in the trust based on the fair market value of the investments at year end. The amount recorded as a beneficial interest of this trust at June 30, 2010 and 2009 is \$294,255 and \$266,903, respectively.

**14. Unconditional Promises to Give**

**Foundation**

Included in "Unconditional Promises to Give" are the following pledges:

	2010	2009
Pledges to be Received within One Year	\$ -	100
Pledges to be Received after One Year	-	-
Unconditional Promises to Give before Allowance for Uncollectible and before Discount	-	100
Less: Allowance for Uncollectible Pledges	-	-
	-	100
Less: Discount to Present Value	-	-
Net Unconditional Promises to Give	\$ -	100
 Pledges Due In:		
Less than One Year	\$ -	100
One to Five Years	-	-
Total Pledges Due	\$ -	100

The discount rates used in the calculation for the year ending June 30, 2008, was 4.85%. The pledges are part of an endowment account and a temporarily restricted account. In addition to the Unconditional Promises to Give reported, the Foundation received the following Conditional Promises to Give, which are not recognized as an asset in the Statements of Financial Position:

	2010	2009
Promises to Give Conditional upon Continued Employment at Barton Community College	\$ 1,650	4,281

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**15. Temporarily Restricted Net Assets**

**Foundation**

Temporarily restricted net assets are available for the following specific purposes:

	<u>2010</u>	<u>2009</u>
Scholarships and Program Enhancements	\$ 914,275	763,128
Gifts and Grants	13,795	12,080
Library	29,241	27,051
Vocational Education	1,028	950
Friends of the Gallery	18,826	18,344
Memorials	-	205
Cohen Center	165,840	156,085
Wesley Assessment Center	40,856	37,796
Library Renovation	88,744	242,783
AAC Enhancement	52,214	48,303
Other Various Restrictions	8,339	8,240
Total	<u>\$ 1,333,158</u>	<u>1,314,965</u>

Net assets were released from donor restrictions by incurring expenses satisfying the restrictions specified by the donor. The net assets released were from the following restrictions:

	<u>2010</u>	<u>2009</u>
Scholarships and Program Enhancements	\$ 29,901	112,282
Gifts and Grants	2,065	26,887
Cohen Center	-	-
Library Renovation	153,039	52,974
Other Various Restrictions	205	1,058
Total	<u>\$ 185,210</u>	<u>193,201</u>

**16. Permanently Restricted Net Assets**

**Foundation**

Permanently restricted net assets have been restricted by the donor for the following purposes:

	<u>2010</u>	<u>2009</u>
Scholarships and Educational Programs/Enhancements	\$ 2,767,552	2,721,464
Artwork Collection	598,159	598,159
Book Collection	123,770	123,770
Total	<u>\$ 3,489,481</u>	<u>3,443,393</u>

The income generated from the investment of endowment principal is to be spent on scholarships and educational programs or enhancements, per the donor.

BARTON COMMUNITY COLLEGE  
BARTON COUNTY, KANSAS  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010 AND 2009

**17. Economic Dependency**

The College is economically dependent on the State of Kansas for appropriations, Barton County for property tax receipts and the Federal Government for grant funding.

**18. Eliminations**

Policy for eliminating internal activity in the government-wide statement of activities:

The comptroller for the College reviews journal entries monthly to identify and note all internal transfers. At year end, he creates a file of all transfers so noted. The Dean of Administration reviews the file for completeness and creates the reports used for financial preparation.

**19. Accounting Standards Issued Not Yet Adopted**

In June 2004, GASB issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions (OPEB)*. This Statement establishes standards for the measurement, recognition, and display of *OPEB* expense/expenditures and related liabilities (assets), note disclosures, and, if applicable, required supplementary information in the financial reports of state and local governmental employers. This statement would have been effective for the College for the year ending June 30, 2009. However, since the College no longer offers *Other Post-Employment Benefits*, GASB No. 45 does not apply.

**20. Prior-Period Adjustments**

A prior-period adjustment was reported for the implementation of GASB Statement No. 47. The beginning fund balance for July 1, 2007 has been decreased by \$178,073 for the prior year liability related to early retirement benefits, as discussed in Note 9.
