- Office Closure
* December 19 - December 31
* January 1

[Soldiers: If you are using Tuition Assistance \(TA\) to pay for classes, you must request TA no later than seven days prior to the start date.](#)

Jim Turner's Retirement

Mr. Turner has been in education for several decades. While he has worked at Barton in various capacities since 1995, Jim has been a full-time tutor and instructor for Barton since 2005. He is presently teaching BSEP (GT Improvement) for Barton. Upon retiring on December 18, 2023, Jim will spend more time working on model trains & working at the family business, Blue Valley Electric & Building Supply Company, which is located in his hometown of Olsburg, KS.

We wish him nothing but the best!

Staff Highlight

Let's meet our new BSEP instructor - Dale Mulderigg. Dale joined the U.S. Navy after graduating from Herington High School. While serving in the U.S. Navy, Dale was stationed in various locations (both on & off ships), such as San Diego (California), the Arabian Gulf, and the United Kingdom (to name a few). While in the UK, Dale ended his career with the U.S. Navy in 2014, he met his wife, and attended the University of Leicester.

After he earned his B.A. in History, Dale & his wife moved to Manhattan to be closer to his family. He earned his Master's Degree from Kansas State & taught in public schools in the area as well as working at the Riley County Historical Society until coming to work for Barton as an Instructional Specialist for BSEP in October 2023. In his free time Dale enjoys going to see movies at the local cinema; he said his latest favorite is the movie "Wish."

Welcome Dale to the Barton team!
