CLASS

The ERA of ENLIGHTENMENT

Once again, Linda McCaffery will share her knowledge and passion for history with this 8-week class on the Age of Reason. The Reformation and end of society dominated by the Catholic Church in Western Europe ushered in a new era, the Enlightenment or Age of Reason. Not only did science and art flourish, there was also a sense of empowerment to establish democracies. The results were the American and French Revolutions. This class will explore the intellectual climate that led to the revolutions, one successful and the other a failure. The class will answer the questions, why did the American Revolution and Republic succeed and the French Republic fail? Why did the French people accept the dictatorship of Napoleon? Please pre-register by calling the Foundation office at **(620) 792-9306**.

Silver Cougar Club Benefits

We have received some calls and there seems to be some confusion about the benefit you receive regarding admission to Cougar basketball games. Your membership card allows for regular season, home games and is only for admission. It does not include any of the benefits many of you may have enjoyed as Booster Club members. It does not include reserve seats or admission to the Cougars Den for pre-game meals. As for seating inside the gymnasium, even though there is an area designated for the SCC – you are not required to seat there – you may sit in any of the general admission (bleacher sections) seating in the gym.

Silver Cougar Club Special Events

We have received a few questions recently regarding the discontinuance of our day trips. The following article was published in our March/April 2017 issue and explains how and why we came to that decision.

As many of you know, on August 1, 2016 I assumed the position of Executive Director of Institutional Advancement. Shortly thereafter the duties of the office were re-evaluated and as a result the Administration decided not to fill my previous position. As a result, the duties of the Coordinator of Fund Raising and Special Events were reassigned and divided among the three of us. As of this date, that decision has not changed so the Coordinator of the Silver Cougar remains vacant.

There was one area that was affected more than the others – the planning and execution of out-of-town trips for the Silver Cougar Club. As you can imagine the reorganization of three of us doing the work of four has put restraints on our time and energy. In addition, over the last year or so the interest in these trips has dropped off considerably – our last couple of trips were not full and we even had to cancel outings for a lack of interest. The research, planning, and ultimately time out of the office for our out-of-town trips was determined to be one area we would need to cut back on in order to give full attention to other fund raising responsibilities of our office. I know you all really loved the new bus, but the cost to operate that bus is over twice the expense of the older buses, which truly are no longer conducive to comfortable travel.

The attention and administration of our endowment, enhancement, and scholarship programs must take priority.

We will still, from time to time, plan special events either on campus or in town and of course we will continue to host our annual picnic. All other benefits of your Silver Cougar Club membership will remain the same. This is not a decision we took lightly, but one that we are certain you will understand.

Newsletter Change

You'll notice a change with this issue as it covers three months instead of two as done in the past. We will now print the *Comings and Goings* on a quarterly basis in conjunction with the time line of our Foundation newsletter. It will continue to promote Silver Cougar Club classes as well as campus events and other activities. Birthdays will also be included for those who have allowed us to publish their names.
