FORESIGHT 2020

In September 2010, the Kansas Board of Regents approved a 10-year strategic agenda for the state's public higher education system. Entitled *Foresight 2020*, the plan sets long-range achievement goals that are measurable, reportable, and ensures the state's higher education system meets Kansans' expectations.

Six years of reporting are now available to review progress on *Foresight 2020* goals and objectives. A redesign of the overall strategic plan structure in 2012 reduced the number of strategic goals from six to three, but retained many of the original measures. In 2015 and 2016 minor modifications were made to the structure of the progress report and several updated metrics were added.

The three strategic goals of *Foresight 2020* are:

1. Increase Higher Education Attainment Among Kansans
2. Improve Alignment of the State's Higher Education System with

- the Needs of the Economy
3. Ensure State University Excellence
