C. Accreditation

Barton is accredited by The Higher Learning Commission (HLC). Accreditation ensures the quality and advancement of an institution including programs, instruction, student support, governance, mission, finances and resources. Colleges must meet HLC's criteria for accreditation by complying with a set of established standards and assumed practices. Through a continuous series of evaluation activities, HLC monitors colleges to ensure they continue to meet these standards and practices. Barton ensures accreditation through HLC's Open Pathway cycle of accreditation. You can [learn more about the HLC process](#) by visiting their website.

In addition to HLC, the College takes guidance from the [Kansas Board of Regents](#), the governing board of the state's public post-secondary institutions and is a member of the [American Association of Community Colleges](#). Several of Barton's programs are also accredited by separate agencies. A current list of those programs and contact information for all of our accrediting bodies is located on [Barton's Accreditation](#) page.

D. Directories and Locations

- 1) The Barton County campus serves as the College's home campus. This location is high atop a hill on 160 acres three miles northeast of Great Bend. The campus includes eight buildings with four phases of student housing, the Cougar fields, and the Midwest Utility Pipeline Training Center located west of the hill. Learning facilities include classrooms, science labs as well as program specific labs. The College's attention to technology is found in its numerous classrooms, computer labs, and technical program labs. The Planetarium boasts a 40-foot dome theater with sixty-six seats and is equipped to recreate the night sky in amazing detail. The Fine Arts Auditorium seats 632 guests and serves as the primary venue for Barton's many performing arts events and guest lecturers or presenters throughout the year.
- 2) Barton's virtual campus, bartonccc.edu/online, has offered quality online programming since 1999. Students may take a class or earn an associate's degree or certificate – all on a flexible schedule, from the location of their choosing, and at an affordable price. Students may login to BARTonline anywhere they have Internet access (24 hours a day, 7 days a week). The BARTonline platform offers seventeen total sessions during the academic year, ranging from four to sixteen weeks long with intersession in the spring and fall. Online courses are available to anyone, regardless of their geographic location and do not have a minimum class size so classes never cancel because of low enrollment.
- 3) Fort Riley, home of "The Big Red One," is known for its excellent training, abundant recreational opportunities, rich history, and tremendous relations with surrounding communities. Barton's proud association with Fort Riley and the U.S. Army began in 1984 with a single training contract. This relationship has continued to grow in support of the Army, its soldiers, their families, and the surrounding community. The Fort Riley campus administration building is located in Building 211 on the main post of Fort Riley. The campus provides instructional services including BSEP, LSEC and College Programs.
- 4) The Military Schools program's primary mission is to provide centralized vocational training to the soldiers of Fort Riley Kansas. This is a unique training arrangement in that the skills addressed are specifically military and not generally available to the civilian market. Additionally, this training

venue provides college credits to soldiers for successful course completion. This translates into promotion points which help soldiers advance their military careers. The program's secondary mission is to provide training to US Government employees and other members of the total Army family including Reserve and National Guard personnel, military retirees, and authorized military family members. Learn more about the [Military Schools Program](#).

- 5) The Grandview Plaza campus is home to the Hazardous Materials & Emergency Services Training Institute. The programs offered here include Hazardous Materials Management, Emergency Management & Homeland Security, and Occupational, Safety and Health. The Grandview location is also home to an OSHA Training Institute Education Center. Barton is a member of the Great Plains OSHA Education Center (GPOEC) consortium. GPOEC serves Region VII of the United States, which consists of the states of Kansas, Nebraska, Iowa, and Missouri. In addition, the Grandview Plaza location serves as a location for the College's Emergency Medical Services Education program. Customized training and/or services are available at the GVP campus for business, industry, government entities and individuals. Learn more about the programs at the [Grandview Plaza Campus](#).
- 6) Barton's proud association with Fort Leavenworth and the U.S. Army started with the first classes conducted in October 2012. With the support of the Army Education Center and the Army leadership on post, the Barton Fort Leavenworth campus has continued to grow in support of the Army, its soldiers, their families, and the Fort Leavenworth community. The Barton Fort Leavenworth campus provides education and training to students on post and in the surrounding community. The campus provides instructional services for LSEC, Evening/weekend College Courses, and BSEP.
- 7) A complete directory of personal is available on the [Directories](#) webpage. The campus and building maps available on the [Map](#) webpage are printable. Plus, Barton offers a GoPro Campus Tour Video which is also on the [Map](#) webpage.
