The Faculty Council and Barton Library are pleased to provide a forum for discussion on curriculum support purchase suggestions for the library. Any and all faculty members are invited to participate in a discussion about what is currently in the Library and what topic areas may need more resources (print and/or electronic).

I wanted to gather at the Library and have a discussion with food and coffee and soda.... And then Regina reminded me that we are still under COVID restrictions. So we will gather via Zoom. You may have some specific books or materials that you believe should be in Barton Library's collections. You may have a general area of interest that needs more attention. Please join us to share your thoughts.
