

Team Charter
Barton Community College
Information Technology Team

Name of Team

Information Technology Team

Purpose

To facilitate the flow of ideas from faculty/staff to the Information Services department.

Duration and Time Commitment

The team has been commissioned as a permanent institutional team. The time commitment varies but most team members will only spend about 5 hours per year.

Boundaries & Limitations

A minimum of 2 meetings per year shall be held to generate ideas related to information technology.

Expected Results

- Ensure faculty and staff have a voice in Information Services technology decisions.
- Serve as a point of contact both to and from the Information Services department.
- Collaborating with subject-matter experts across all venues.
