The Centers for Medicare & Medicaid Services (CMS) has issued its final regulations of Part 483 to Title 42 of the code of Federal Regulations for long-term care facilities. The Certified Dietary Manager, Certified Food Protection Professional (CDM, CFPP) credential is now listed as the primary qualification for the Director of Food and Nutrition Services in the absence of a full-time dietitian. Be sure to check with your employer about possible reimbursement for the program. Financial aid is available.
