# BARTON

## MEDICAL SUPPORT

## WHAT DOES A MEDICAL CODER DO?

- » Read and review medical documentation provided by healthcare providers in order to obtain detailed information regarding disease, injury, surgical operations and other procedures.
- » Translate the information into numeric codes, using a universally recognized coding system.
- » Insure correct code selection for compliance with federal regulation and insurance requirements.

## WHAT DOES BARTON OFFER?

- » Certificate (44 credit hours).
- » Program focuses on coding for physicians' offices, clinics and ambulatory care settings
- » Training in medical science, technical skills and coding application.

## WHY BARTON'S MEDICAL CODING CERTIFICATE?

- » Graduates are eligible to take national certification exam. (AAPC - CPC®)
- » Flexibility - can be taken 100% online

## Certificate (44 Credit Hours)
