Assessment of Student Learning:
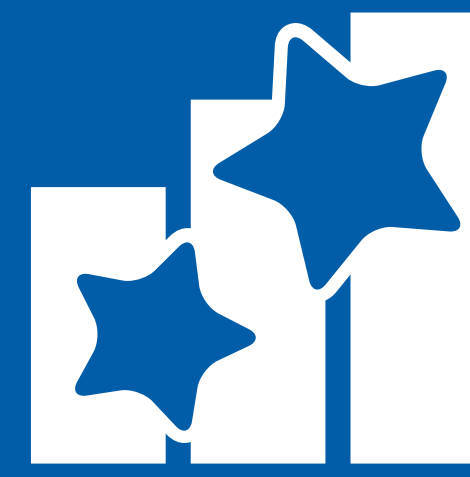

Engaging in Continuous Improvement

## Improve Communication and Education

BARTON
ASSESSMENT
INSTITUTE

Building the next generation of assessment leaders

Automate Data Collection and Documentation

- Saved approximately 500 hours of work each year
- Streamlined documentation processes
- Increased faculty participation by 16%

Develop Program Assessment

- Program learning outcomes developed, assessed, and integrated as part of program review for eleven programs
- Developing an additional six program level cycles of assessment per year

Develop Co-Curricular Assessment

- Student learning outcomes developed, assessed, and used by eight co-curricular areas
- Developing an additional four co-curricular area cycles of assessment per year
