51) Health Professions and Related Programs	Utah (UT)	1
51) Health Professions and Related Programs	Wisconsin (WI)	1
51) Health Professions and Related Programs	West Virginia (WV)	2

## OOSLP Template Instructions:

1. Enter your data on the OOSLP TEMPLATE tab.
  - a. Your template should contain three columns of data. Each field in column 1 should contain the 2-digit CIP code (with name) of the placement; column 2 should contain the state of the placement; and column 3 should contain the count of OOSLPs in that state.
  - b. Column 1 will only accept values that match a pre-programmed 2-digit CIP code. Acceptable values can be found on the State & CIP Lookup tab.
  - c. Column 2 will only accept values that match a built in State. Acceptable values can be found on the State & CIP Lookup tab. Non-SARA member states are included.
  - d. If you are copying data from another spreadsheet, please be sure your values match those on the State & CIP Lookup tab, or you will receive an error.
  - e. Be sure your file does not include any placements in your institution's home state, or you will receive an error.
  - f. If you include any additional fields (like a summary to confirm your total), please delete these fields before you save your file.

Sample populated template. This is an example only. Do not enter your data here. Enter your institution's data on the OOSLP TEM

	A	B	C
1	<b>CIP Type</b>	<b>State List</b>	<b>Enrollment Count</b>
2	01) Agriculture, Agriculture Operations, and Related Sciences	Alabama (AL)	4
3	50) Visual and Performing Arts	Colorado (CO)	10
4	12) Culinary, Entertainment, And Personal Services	Indiana (IN)	12
5	40) Physical Sciences	Tennessee (TN)	55
6	50) Visual and Performing Arts	Delaware (DE)	80
7	60) Residency Programs	Colorado (CO)	1
8	40) Physical Sciences	Delaware (DE)	4
9	41) Science Technologies/Technicians	Tennessee (TN)	3

2. Save your data as a .csv file.

To save your completed worksheet, use the **Save As** feature in your spreadsheet software and choose .csv as the file type. Comma-separated values files (.csv) are plain text files that store the data in a table-structured format. This file type is required to upload the data to the data reporting portal.

- a. Please be sure the OOSLP TEMPLATE tab is showing on your screen when saving.
- b. You will likely be prompted to save only the active sheet (i.e. the tab showing on your screen) – click ok.

3. [Upload your file here: https://nc-sara.my.site.com/data/s/](https://nc-sara.my.site.com/data/s/)
