2512-Finals

<u>Questions/Comments #1</u>	
Questions/Comments	<p>Julie, Just to confirm that this applies to online courses as well? Will there be a designated FINALS WEEK for online courses or is the last week of the module considered the finals week? Thank you</p> <p><i>Christine Abbott</i> Bartonline</p>
Response(s)	<p>Christine,</p> <p>The procedure applies to all instruction. The Great Bend campus is the only location that has a defined final schedule. All other instruction aligns itself with the following expectation as noted in the procedure, "Final course assessment or activities are expected to be administered at the conclusion of the course (typically the last week of class)."</p> <p>VP Simmons</p>
