

Utility Forester

Does working outdoors and interacting with nature sound like a dream job? Is having the sun on your face and fresh air in your lungs the “office” environment you want to work in everyday? Want to add some “Green” to your life? If so, joining ECI as a **Utility Forester** may be the perfect career choice for you. Bring your skills and love for the outdoors to ECI and start a whole new career! We keep the lights on anywhere there is a power line - whether in the city, the rural countryside, or deep in the remote forest. As an ECI Forester, you will keep communities informed about the trees and power lines while ensuring safe delivery of their power. **No prior Forester experience required!**

During these uncertain times, you can take pride in knowing you are an **essential employee**. Our team members work independently in an outdoor environment and follow all CDC recommended guidelines and company safety protocols relevant to COVID-19.

Some of the most important characteristics of **ECI Utility Foresters** is that you are open-minded and able to engage in safe, constructive interactions with the public. You are accountable for advancing a culture of safety and excellence while providing quality and value to our customers and clients.

Any interested applicants must apply online via the link below.

WHAT WE OFFER:

- Industry competitive pay.
- Company vehicle with fuel card to take to and from home & work.
- Medical/Health/Dental/Vision/Life Insurance, effective Day 1 for full time team members.
- 401K eligibility.
- Paid Holidays, Vacation and Sick Leave.
- Weekly pay checks and direct deposit.
- Participation in Employee Referral Program (must meet eligibility requirements).
- Boot and clothing program (company funded).
- Ongoing training and assistance with obtaining industry certifications.

WHAT YOU WILL DO:

- Ultimately, improve safe and reliable electric service delivery to the public.
- Act as the subject matter expert regarding utility vegetation management (UVM), for clients, landowners, and other stakeholders.
- Inspect electric utility easements and prescribe vegetation management actions.

- Coordinate with landowners and stakeholders to develop vegetation management plans for their properties.
- Ensure tree crews are following proper safety and arboricultural practices and procedures.
- Address customer concerns related to vegetation in and adjacent to utility easements.
- Coordinate with utility engineers to assist with infrastructure upgrades and new construction.
- Negotiate with customers for tree removal as prescribed.
- Perform QA/QC inspections on completed vegetation management work.
- Identify vegetative threats to safe & reliable electric service and develop action plans to mitigate.

WHAT YOU NEED TO HAVE:

- Ability to read maps.
- Willingness to work alone, outdoors in various weather conditions and terrain.
- Superb written and verbal communication skills
- Basic computer skills (Microsoft Office, smartphones)

WHAT WOULD BE AMAZING TO HAVE:

- Bachelor's or Associates degree in Forestry, Environmental Science, or related discipline preferred.
- Prior UVM, Forestry or related outdoor experience preferred, but not required.
- Certification as an ISA Arborist, Registered Forester, or other related certificates/licenses a plus.
- Solid, local tree identification skills.
- A strong desire to grow and develop your career and knowledge in the UVM industry with ECI.
- Bi-lingual speaking (English and Spanish)

Working Environment

- Work alone in an outdoor field environment; vehicle and foot patrol of utility power lines; remote locations as well as urban, city environment; physical demands and travel from site to site, including walking/hiking on various surfaces including flat, dry, wet, slippery, uneven, rough, steep terrain, hills, and slopes; exposure to noise, dust, paint, and all types of weather and temperature conditions; exposure to hazardous traffic conditions. Reasonable accommodations, if available, may be made to enable individuals with disabilities to perform the essential job functions.

Physical

- The team member must have sufficient physical ability and mobility to work in a field environment; to walk up to 10 miles per day, stand, sit, and operate a motor vehicle for prolonged periods of time; to frequently stoop, bend, kneel, crouch, run, crawl, climb, reach, twist, grasp and make repetitive hand, arm and shoulder movement in the performance of daily duties (e.g., forcefully beat down brush); carry, push and/or pull light to heavy amounts of weight, frequently lift up to 10 lbs. and occasionally lift up to 60 lbs. (sandbags); to operate assigned equipment and vehicles; ability to verbally communicate to exchange information with public; ability to see and hear in normal range with or without correction; operate assigned field equipment, including handheld computer, and traffic cone.
