-
- So that all graduates, honorees, and guests are able to enjoy all parts of the ceremony, please silence your mobile devices and refrain from using any artificial noisemakers during the ceremony.
 - Please be advised that weapons carried by the honor guard are not operational.
 - Picture taking is restricted to the seating area only during the ceremony.
 - Graduates will be announced by degree.
 - Participation in the ceremony does not necessarily constitute graduation. Degree conferral is contingent upon final grading and successful completion of all required courses.

RECOGNITION OF GRADUATES

- * Graduates with a cumulative grade point average of 3.5 to 3.69 will have a *gold cord* and be announced as **“graduating with honors.”**
- ** Graduates with a cumulative grade point average of 3.7 to 4.0 will have a *blue/gold cord* and be announced as **“graduating with highest honors.”**
- + **Phi Theta Kappa Member** (*gold sash*)

Phi Theta Kappa is a national honor fraternity for community college men and women, recognized by the American Association of Community Colleges. Its purpose is the promotion of scholarship, the development of leadership and service and the cultivation of fellowship among the students of the community colleges of the United States. Initiates are selected on the basis of scholastic rank (having completed at least one term of community college work), and must be judged of good moral character and possess good citizenship qualities.

SPARK (*purple/silver cord*)

All Barton students are eligible for membership in Barton’s Community Student Organization (CSO) and SPARK. Both organizations joined together this year to meet the goals of each organization. CSO focuses on community service and developing relationships between Barton’s diverse students along with developing leadership skills. Barton’s SPARK goals include growing entrepreneurial spirit and increasing knowledge in the business area along with leadership. Students earning the cords for these organizations have met community service and activity requirements. This is the first year this membership has been recognized.

Barton Foundation Scholarship Recipient (*black/silver cord*)

Students are awarded scholarships from 164 scholarship funds based on numerous criteria, as designated by generous donors to the Barton Community College Foundation. Each student wearing the black and silver twisted cord was awarded a scholarship during their time at Barton and maintained the standards required for that scholarship. This is the first year that we are recognizing students for their hard work and dedication to their educational goals and we are proud to support them along the way.

Military (*red/white/blue cord*)

Paramedic (*green cord*)

ACADEMIC REGALIA

Since the regalia used in colleges and universities for academic occasions may not always be understood by visitors to a campus, the following information will explain the items of apparel. Everyone possessing a college degree is entitled to wear a black robe on appropriate occasions. Faculty members wear hoods in addition to the gown. Hoods are generally black, trimmed in velvet in the color of the subject field, and are lined with the colors of the college or university conferring the degree. The correct colors to denote various branches of learning have been established by the Intercollegiate Code.

Maize: Agriculture

White: Arts, Letters, and Humanities

Drab: Business Administration

Copper: Economics

Light Blue: Education

Orange: Engineering

Brown: Fine Arts, including Architecture

Maroon: Home Economics

Lemon: Library Science

Green: Medicine

Pink: Music

Apricot: Nursing

Sage Green: Physical Education

Gold Yellow: Science

Citron: Social Science

Silver Gray: Speech

Scarlet: Theology or Divinity

INTEGRITY AT BARTON

Integrity is integrated into Barton culture through the use and discussion of six values: Trust, Responsibility, Honesty, Courage, Fairness, and Respect. Through the use of these values, we create a space and provide context to discuss academic integrity and how it impacts students' academic and professional lives. To support the promotion of the six values, Barton created the role of the Academic Integrity Ambassador. The students selected for this opportunity were empowered to share their voice and story around a specific value. Please join Barton in recognizing the 2020-2022 Academic Integrity Ambassadors for their commitment to integrity in education:

Ashanti Davis – Trust

Elsie Randel – Responsibility

Vanessa Oduah – Honesty

Kacper Mayerberg – Fairness

Carolina D'Anniballe de Salles – Respect

Terry Charlett & Troy Hardwick – Courage

2022 OUTSTANDING GRADUATE AWARDS

Faculty and staff submit nominations for the Outstanding Graduate Award based on leadership skills, active participation on campus, community involvement and excellence in academics. A committee of faculty, staff, and students selected the 2022 Barton County Campus Outstanding Graduates from the nominees.

Tom Gehring

Tom Gehring of Weisenhorn Germany, came to Barton to study business and compete as part of the Barton Men's Golf Team. Tom is the son of Tania and Walter Gehring of Weisenhorn. In addition to his participation on the golf team, Tom was a member of the Phi Theta Kappa National Honor Society and the Community Student Organization/ SPARK student groups. Tom served in a student employment position as a peer tutor in the Student Support Services Tutoring Lab, providing academic assistance to other students in multiple subject areas.

Tom plans to continue his education and is still determining his transfer university. He hopes to one day continue his golf career into the professional arena, and also has the long term goal of owning his own business.

Jaycee Patton

Jaycee Patton of Medicine Lodge, Kansas is the daughter of Kristi Patton of Medicine Lodge and Monty Patton of Park City, Kansas. Jaycee came to Barton to study agricultural business and play outfield on the Barton Softball Team. In addition to softball, Jaycee also participated in the Collegiate Farm Bureau student organization.

Jaycee has already accepted a full time position with BTI John Deere in Pratt Kansas, which she will begin later this month. While beginning her career, she will continue with her education as well, working toward her bachelor's degree with Fort Hays State University in agricultural business.

2022 DISTINGUISHED INSTRUCTOR AWARDS

The Distinguished Instructor Award was created in 1984 to recognize teaching excellence. Nominees are recommended by students and colleagues with final decisions made by a selection committee. The committee considers the instructor's contributions to teaching and learning, the College mission, and the community. This year the following faculty members have earned the Distinguished Instructor Award:

Janet Balk
Fort Riley

Colvin Hooser
Fort Leavenworth

Latoya Hill
Barton Online

Andrea Jenkins
Barton County Campus

Karey Marshall
Adjunct

2022 DISTINGUISHED SERVICE AWARD

The Barton Community College Foundation is honored to announce Bill McKown as the 2022 recipient of the Distinguished Service Award (DSA). The DSA was created in 1981 to recognize individuals that have shown genuine regard for and performed outstanding service to Barton Community College.

Bill McKown

McKown was known for his infectious smile across the Barton County campus, taking classes, attending games, and supporting students, faculty, and staff with a kind word. A lover of the arts, McKown took numerous classes at Barton in the Fine Arts department and was awarded Best-in-Show at the Barton Student Exhibition Show for his graphic design work two years in a row.

McKown was injured in a car accident as a freshman at the University of Kansas in 1975, paralyzing him from the shoulders down and leaving him a quadriplegic for 39 years. After the accident, he dedicated himself to living a normal life. After McKown graduated from Barton, he received a bachelor's degree from Friends University. He lived and worked in Great Bend, became a community leader, completed college, served others as a volunteer, board member, scout master, camp director, disability advocate and more. He was an active member of numerous civic and cultural organizations.

In 2013, McKown was inducted into the Great Bend High School Hall of Fame for his numerous achievements. In 2021, the Great Bend Zoo placed the Bill McKown Memorial Gazebo at the fishing pond at the zoo.

Throughout his life, McKown supported Barton as a community leader, student, and friend. Even after his passing, he continued to support the Foundation and the College with a generous planned gift, allowing for the creation of the "How to Build a Metal Horse" educational kiosk in the gallery, detailing the bronze sculpture pouring process, equipment for the Ceramics Department and chairs, drafting tables, and computers for the art department, and the "Winged Aspiration" sculpture was commissioned and erected in the circle drive of the Fine Arts Building. "Winged Aspiration" is a large casting of a wax model created by L.E. Gus Shafer, the Gallery's namesake.

"McKown's dedication to our Foundation, our college, and our mission is truly inspirational for all of us who follow after him," said Lindsey Bogner, Executive Director of Institutional Advancement. "For years to come, whenever a student steps into the arts classrooms, a visitor enjoys the Shafer Art Gallery, or our eyes fall upon the Winged Aspiration statue as it reaches into the sky, we will all be heirs of his generosity and vision."

2022 BARTON DIFFERENCE

Barton graduating students were asked to name employees who made a difference in their lives.

Charlotte Cates

Biology Instructor, Barton County Campus

I took biology with Ms. Cates in order to transfer credits over to a university. I did not realize when I signed up for the course what a big impact she would have on my life. When I originally enrolled, I was planning on pursuing a degree in nursing, but after Ms. Cates got to know me she asked me why I was pursuing that and not biology when I had a clear interest and passion for science. After talking with her about her experiences and discussing my passions and aspirations in life, I changed my major at the university I was attending in the fall to biology. She was absolutely right and I am thankful every day she pushed me to follow my dreams and not just a degree my parents wanted me to get.

- Nominated by Piper Stevens

Terry Anderson

Adjunct Faculty

I absolutely hated all math and economics courses I had taken prior to meeting Mr. Anderson. He made sure that the material was relevant not only to the class, but also to students' lives and the careers they were aspiring to get into. I remember a time I shared some of my personal struggles during the pandemic with him and he gave me the best pep talk I have ever received. He affirmed my experiences and shared his own and helped me to know that I can succeed in life and achieve my goals even when things seem difficult. I will always be grateful to have met him.

- Nominated by Piper Stevens

Ann Ingala

Instructor, Fort Leavenworth Campus

She was extremely kind, motivational and intelligent. She helped me to feel more confident in myself and especially when speaking with teachers. Prior to her class, I was always so scared to talk to instructors but she made me feel so comfortable and helped answer any questions or concerns I had. She boosted my confidence as a student and gave me skills that have helped me while pursuing my bachelor's degree.

- Nominated by Piper Stevens

Kenneth Kolembe

Instructor, Fort Riley Campus

I had been treated my whole life like there was something wrong with me because I didn't understand math concepts. While taking Mr. Kolembe's math classes he really made sure that we understood. Without knowing it, he made me realize that I wasn't stupid in math. It was a life-changer for me because the field I want to go into has a lot of prerequisite math and science. He was awesome and I don't hesitate to recommend him to anyone I know that needs to take a math class.

- Nominated by Karissa Smith

2022 BARTON DIFFERENCE

Barton graduating students were asked to name employees who made a difference in their lives.

Paulia Bailey

English Instructor, Barton County Campus

I came here with no editing skills. I was behind in English. Mrs. Bailey took the time to personally assist me in class. I then asked her to help me get to a higher level of writing and she has pushed me. She is an amazing teacher who cares about her students.

- Nominated by Matthew Neumann

LaToya Hill

Adjunct Faculty

She successfully prepared me for my career as a pharmacy technician. Her courses were extremely informative and the assignments practical, helping me to become a successful pharmacy technician. She always answered my questions and helped coordinate my internship.

- Nominated by Adan Gutierrez

Yuchen Wang-Boswell

Communications Instructor, Barton County Campus

Went the extra mile to show that she was on my side and supported me throughout the class and after the class ended. She deserves recognition for her caring and passionate personality!

- Nominated by Brianna Russell

Angie Maddy

Vice President of Student Services, Barton County Campus

She is one of the best people I have ever met in my life. I have never met a more empowering, strong woman than her. She is so caring, she always has a positive attitude, and she cared for me as if I was her daughter. I have no words and will never have enough words to explain how much Mrs. Maddy means to me. She was and still is always willing to help me on whatever is needed. As an international student, I feel kind of lonely sometimes because I don't have a family here, but she made me feel so much better about my journey here. She is so dedicated to her job and to helping the students at Barton. If there is anyone who deserves this award, it is her. She is the most amazing person I have come across at Barton Community College and I thank God every day for giving me the opportunity to be blessed with Mrs. Maddy's presence. She is great at everything she does. She helped me to keep going and not give up on my education.

- Nominated by Carolina Beatrice D'Anniballe De Salles

2022 BARTON DIFFERENCE

Barton graduating students were asked to name employees who made a difference in their lives.

Melissa Stevens

Criminal Justice Instructor, Barton County Campus

She shows genuine concern for her students and provides advice and criteria that pushes her students in the direction of their future goals and plans. She is the one teacher that has made a genuine impact on not only me as a student but also as an individual.

- Nominated by Nayeli Mendez

She makes you enjoy class and even just your everyday life. You can talk to her about anything and she genuinely cares. She always has the best stories to tell and the best advice to give. She makes you enjoy school and the things you learn about. She teaches in ways that make it that much more enjoyable and interesting.

- Nominated by Lexi Dryden

Sheyene Heller

Adjunct Faculty

She made me feel like she actually cared and wanted to help me learn and do better. All of her feedback was very specific to my work. I have been enrolled in two other colleges besides Barton, and I was used to very generalized feedback. However, I didn't experience that here at Barton.

- Nominated by Katie Torkelson

Vern Fryberger

Communications Instructor, Barton County Campus

Professor Fryberger is awesomely great. I knew absolutely nothing about music intelligence prior to taking Mr. Fryberger's class. Now I find myself dissecting almost every song that I hear. He was also very patient.

- Nominated by Temika Wilkes

Andrew Vanden Heuvel

Adjunct Faculty

Professor Vanden Heuvel was one of the most (if not the most) understanding professors that I have ever had. The resources provided made learning interesting, and Professor Vanden Heuvel was always available if needed. Astronomy has always been an interest for me. However, after taking Professor Vanden Heuvel's class I'm far more enlightened.

- Nominated by Temika Wilkes

2022 BARTON DIFFERENCE

Barton graduating students were asked to name employees who made a difference in their lives.

Melissa Hardwick

Adjunct Faculty

She was such an amazing teacher. I took multiple classes from her. She was so informative and answered every question I had.

- Nominated by Renee Fowler

Jeremy Deckard

Adjunct Faculty

He was very helpful and made sure you understood the lecture he was teaching. I enjoyed taking his class!

- Nominated by Renee Fowler

Kim Dondanville

Adjunct Faculty

The only reason I decided to attend college was due to my loss of a career after 17 years because of a cavernous angioma I was diagnosed with. Somehow, laying in the hospital after brain surgery I had to take a positive stride towards something more for my family to prosper like we always were able to do before. I had Interpersonal Communication as one of my courses with Professor Dondanville. I was totally overwhelmed as English had always been a fear of mine... Once I was able to have my second week of her class, I realized her class was sincere and not totally driven by a book, but more by her experiences in dealing with interpersonal communications and family. Through the semester, I noticed my grades were between A and Bs. I couldn't believe I was actually doing English. I contacted her one day on one of my assignments and she was very polite and mindful that I was a student and not just a number. She made me feel comforted and a student that needed a push to see the big picture. I will always remember telling my family that if it wasn't for the grace of Professor Dondanville showing me that college was more than a goal to earn a degree and it doesn't matter my age or challenges, I might not have succeeded as I did at Barton... She never gave up on me as a person and never made me feel less worthy as a student. I graduated your college with highest honors at 3.8. I'm also enrolled now with CSU for my bachelor's degree in OSH/construction concentration. I'm thankful I had the greeting I did the first day or else that could have also been my last. Thank you to my professor and friend, Kim Dondanville.

- Nominated by John Wadsworth II

Todd Moore

Assistant Director of Athletics & Sports Information Director, Barton County Campus

I played for the Barton Women's Soccer Team and he always gave us a lot of information and helped us with many things.

- Nominated by Seulgi Lee

2022 BARTON DIFFERENCE

Barton graduating students were asked to name employees who made a difference in their lives.

Kara Brauer

Nursing Instructor, Barton County Campus

Mrs. Brauer is more than an instructor. She's even more than an advisor. There have been times that I was going through a lot outside of school and she was a listening ear. No judgement. She keeps us all in line but in a respectful manner. When our class may be starting to get off topic, she reels us back to the subject so that we get all that we can out of the time that we are there. When we are in clinical settings, she always tries to be there to help with anything and tries to have us get the most out of everything that we are doing without us feeling stupid. She is always so respectful. She is the definition of therapeutic communication.

- Nominated by Kimberly Sheets

Cristi Gale

Information Technology Instructor & Coordinator, Barton County Campus

She has been a part of my Barton experience from the very start and has consistently made herself available for all my questions as an instructor and an advisor. In my most recent class, Computer Science, she has gone above and beyond to assist me and guide me in learning this challenging subject. I believe she embodies the principles of an educator, and I have the highest respect for her.

- Nominated by Michael Holeman

Danika Bielek

Dance Instructor, Barton County Campus

Danika has had a positive impact on my life during my time at Barton by always pushing me harder to make me a better dancer. Even on the difficult days, she has never given up on me and has helped me make great strides toward my goals. I would not be where I am today without her guidance and support.

- Nominated by Sydney Mason

Roni Wertz

Early Childhood Education Instructor & Coordinator, Barton County Campus

Roni has been extremely supportive of my education at Barton as both my teacher and academic advisor. She does an outstanding job at facilitating a positive learning environment where students are engaged, learning and laughing. She has taken the time to truly know me as a student and support me on my journey. Her passion for early childhood education is inspiring to me and has made me excited to enter the workforce and continue my journey as an educator.

- Nominated by Kelly Hayden

BARTON MISSION STATEMENT

Barton offers exceptional and affordable learning opportunities supporting student, community, and employee needs.
