The primary purpose of this bibliography is to support the relevant Agriculture, Anthropology, Arts, Economics, English, Geography, History, Literature, Philosophy, Political Science, Religion, and Sociology classes taught at Barton Community College, and to encourage faculty and students to utilize the resources of the Cohen Center for study and research. Scholars not affiliated with Barton Community College may find the guide equally useful for their own research endeavors. The first three columns (Author(s), Title, and Periodical) are self-explanatory, while the fourth refers to the specific work's location in the Cohen Center: Serials; VF = Vertical Files.
