Board Purpose

- Provide advice and support for programs.
- Assist in the establishment and validation of industry-recognized knowledge and skills.
- Partner in the exploration, evaluation and adoption of assessment tools, industry-recognized credentials and/or other certifications or accreditations.
- Participate in program alignment projects as required by the Kansas Board of Regents.
- Assist in the review process to align Perkins IV requirements with institutional and statewide initiatives.
- Assist in the identification of strategies to inform stakeholders and to promote CTE programs and services.
- Assist in the identification of appropriate training and employment opportunities.
- Participate in college and/or program related activities.

Guidelines

- Strive for 20-25 members.
- The Perkins transition plan calls for strategies to include members of special populations in advisory committees.
- Past (recent) students should be on the council.
- Secondary partners should be represented on the councils, Business & Industry must be represented.
- If members do not participate on a consistent basis, follow-up with them and determine if they want to remain on the advisory council.
- Agenda and minutes must list advisory board member's name and the business (entity) of whom they represent. Agenda and minutes must be filed with the division's Program Assistant.
