This agreement, as supplemented and amended, includes the anticipated project construction schedule, a description of projects to be constructed, financial obligations and financial and administrative support from the City of Great Bend.

Feasibility Study

The City conducted a study to determine whether the public benefits derived from the rebate would be sufficient to pay for the public improvements to be undertaken in the District. The analysis estimates the property tax revenues that will be generated from the Development, less existing property taxes to determine the revenue stream available to support the costs of the public infrastructure. The estimates indicate that the revenue realized from the project would be adequate to pay the costs of the public infrastructure.
