# IPEDS DATA FEEDBACK REPORT 2023

#### What Is IPEDS?

The Integrated Postsecondary Education Data System (IPEDS) is a system of survey components that collect data from all institutions that provide postsecondary education and are eligible to receive Title IV funding across the United States and other U.S. jurisdictions.

These data are used at the federal and state level for policy analysis and development; at the institutional level for benchmarking and peer analysis; and by students and parents, through the College Navigator (<https://nces.ed.gov/collegenavigator/>), an online tool to aid in the college search process. Additional information about IPEDS can be found on the website at <https://nces.ed.gov/ipeds>.

#### What Is the Purpose of This Report?

The Data Feedback Report is intended to provide institutions a context for examining the data they submitted to IPEDS. The purpose of this report is to provide institutional executives a useful resource and to help improve the quality and comparability of IPEDS data.

#### What Is in This Report?

The figures in this report provide a selection of indicators for your institution to compare with a group of similar institutions. The figures draw from the data collected during the 2022-23 IPEDS collection cycle and are the most recent data available. The inside cover of this report lists your selected comparison group of institutions and the criteria used for their selection. The Methodological Notes at the end of the report describe additional information about these indicators and the pre-selected comparison group.

#### Where Can I Do More with IPEDS Data?

Each institution can access previously released Data Feedback Reports from 2005 and customize this 2023 report by using a different comparison group and IPEDS variables of its choosing. To learn how to customize the 2023 report, visit this resource page <https://nces.ed.gov/ipeds/Help/View/2>. To download archived reports or customize the current Data Feedback Report, visit the 'Use the Data' portal on the IPEDS website <https://nces.ed.gov/ipeds> and click on Data Feedback Report.

# OVERVIEW OF IPEDS DATA COLLECTION AND RELEASE CYCLE

The Integrated Postsecondary Education Data System (IPEDS) consists of 12 interrelated survey components administered annually to all postsecondary institutions that participate in Title IV federal student aid programs. Each collection year is divided into three collection periods: Fall, Winter, and Spring. The table below shows the groupings of survey components for each of the three collection periods.

# COMPARISON GROUP

Comparison group data are included to provide a context for interpreting your institution's indicators. If your institution did not define a custom comparison group for this report by July 15, 2023 NCES selected a comparison group for you. (In this case, the characteristics used to define the comparison group appears below.)

**The customized Data Feedback Report function available at <https://nces.ed.gov/ipeds/use-the-data/> can be used to reproduce the figures in this report using different peer groups.**

The custom comparison group chosen by Barton County Community College includes the following 18 institutions:

- Allen County Community College (Iola, KS)
- Butler Community College (El Dorado, KS)
- Cloud County Community College (Concordia, KS)
- Coffeyville Community College (Coffeyville, KS)
- Colby Community College (Colby, KS)
- Cowley County Community College (Arkansas City, KS)
- Dodge City Community College (Dodge City, KS)
- Fort Scott Community College (Fort Scott, KS)
- Garden City Community College (Garden City, KS)
