

Industry Certification Pass Rates

END 2 Reporting

Industry Certification Pass Rates

- Barton must have data comparable to other similar national colleges to meet the requirements of Higher Learning Commission Open Pathways Accreditation.
- The ENDS reports are important accreditation documents. Effort is made to assure that ENDS reports contain comparative data.

Report Resources

Adult Healthcare

- Barton is notified of Certified Nurse Aide (CNA) and Certified Medication Aide (CMA) pass/fail information immediately following the state exam. The Office of Adult Healthcare maintains and tabulates the information for reporting purposes.
- There is isn't any national comparison data because CNA and CMA are state certifications.

Dietary Manager

- Barton receives exam results from the Association of Nutrition and Foodservice Professionals (ANFP). Students must allow ANFP to send the information; therefore, if a student doesn't approve, Barton does not receive any information on that student. The results are only accessible by the program's director.
- The ANFP site also provides national data.

Emergency Medical Services

- Pass rates are available via the National Registry of EMT – with approved log-in.
- National comparison data is also available via the National Registry of EMT.

Medical Lab Technician

- Pass rates available via the American Society for Clinical Pathology (ASCP) website, which is only available with an annual yearly subscription.
- National comparison data is also available via this site.

Nursing

- Pass rates available via Kansas State Board of Nursing (KSBN).
- The National Council of State Boards of Nursing (NCSBN) website lists national pass rates by degree (BSN, ADN, Foreign trained, etc.).

Current Report

Industry Certification Pass Rates

The table reflects **first time** pass rates for Career Technical programs with an industry certification.

Second Time Pass Rates: RN-92%, LPN 96.87%, EMT Basic 61% and Paramedic 94%

Professional License Program		2005-06	2006-07	2007-08	2008-09	2009-10	2010-11	2011-12

	Pass Rate	85%		79.4%		74%	

Proposed Changes

- Three Year Report
- Eliminate Home Health Aide
- Change EMT Basic to EMT
- Change Header to Read Healthcare Certification Pass Rates
- Eliminate Reporting Repeat Pass Rates – Not Suitable for HLC Accreditation
- Add National Comparison Data (As Available)
