APDS Correctional Technology Solutions Contract

This contract is for two years to support technology at the Ellsworth Correctional Facility. The total contract is for \$101,100. The \$53,650 in the first year and \$47,450 in the second and is funded by the IRE Grant.

Under this contract, American Prison Data Systems will provide technology to support the Adult Education Program at the facility.

50 Samsung Galaxy Tab S2's with cases, charging stations, and associated peripherals; 1GB bandwidth per month; 24/7/365 security and monitoring; unlimited tech support; unlimited technical and virtual provisioning; AZTEC; National Corrections Library, Secure Content Locker, Connected Corrections (including teacher communication), APDS Learning Management System, Khan Academy Lite, TED Talks, and a secure browser.

This contract will benefit our adult education students at ECF by providing additional resources to our students for use outside of normal classroom hours. We will be able to utilize these connected tablets for web based applications we would not normally have access to, due to security concerns of the Kansas Department of Corrections.

Recommendation: The Administration recommends that the Board of Trustees approve the APDS Correctional Technology Solutions Contract
