

Anatomage Table

Background on the Anatomage Table

- Identified by a combined effort of faculty, divisions and instructional technology
- Purchased through grant monies, private donors and strategic planning funds
- Delivered in Summer 2020

How the Anatomage Table is being used?

- Gives the College an unlimited access to a cadaver lab
- Eliminated the need to purchase animals for dissection
- Used in both lecture and lab courses
- Allows for more robust assessment of student learning

Anatomage Room Space

- Plans to redesign the space for in-person and remote students
- Developing a flexible space to allow groups of students to work on the table
