## Jim and Kathi Armatys

Since the 1990s, the Armatyses have served as volunteers, directors, chairs, and advisors to the Barton Foundation. Kathi co-chaired two consecutive Big Benefit Auctions for the Foundation in 1993 and 1994, and she served as a Director on the Foundation Board from 1999 to 2005. In 2007, Jim and Kathi served as honorary chairs of the Academic Enrichment Fund campaign, showcasing their enduring care for Barton students.

Kathi recognizes the power of a college education, stating, “Each diploma earned at Barton represents a triumph, equipping graduates with the tools to confront the challenges of today’s world.”

Together, Jim and Kathi champion the Foundation and College’s initiatives, building a culture of empowerment within our community. Their commitment to expanding opportunities underscores their belief in the transformative impact of education.

“The high cost of education often puts it out of reach for many,” Kathi reflects. “It takes all of us, through our committed support, to open doors for our friends, neighbors, and fellow community members to pursue their goals, improve their lives, and effect positive change in the communities we call home.”

A young man and woman are in a recording studio, focused on a large mixing console. The woman, on the left, is wearing a headset and has her hand on the console. The man, on the right, is also wearing headphones and looking at the console. The room is dimly lit with blue ambient lighting. In the background, there are several computer monitors and a rack of audio equipment. The overall atmosphere is professional and creative.

# FY24 Enhancement Grants

---

# Funding Process

---

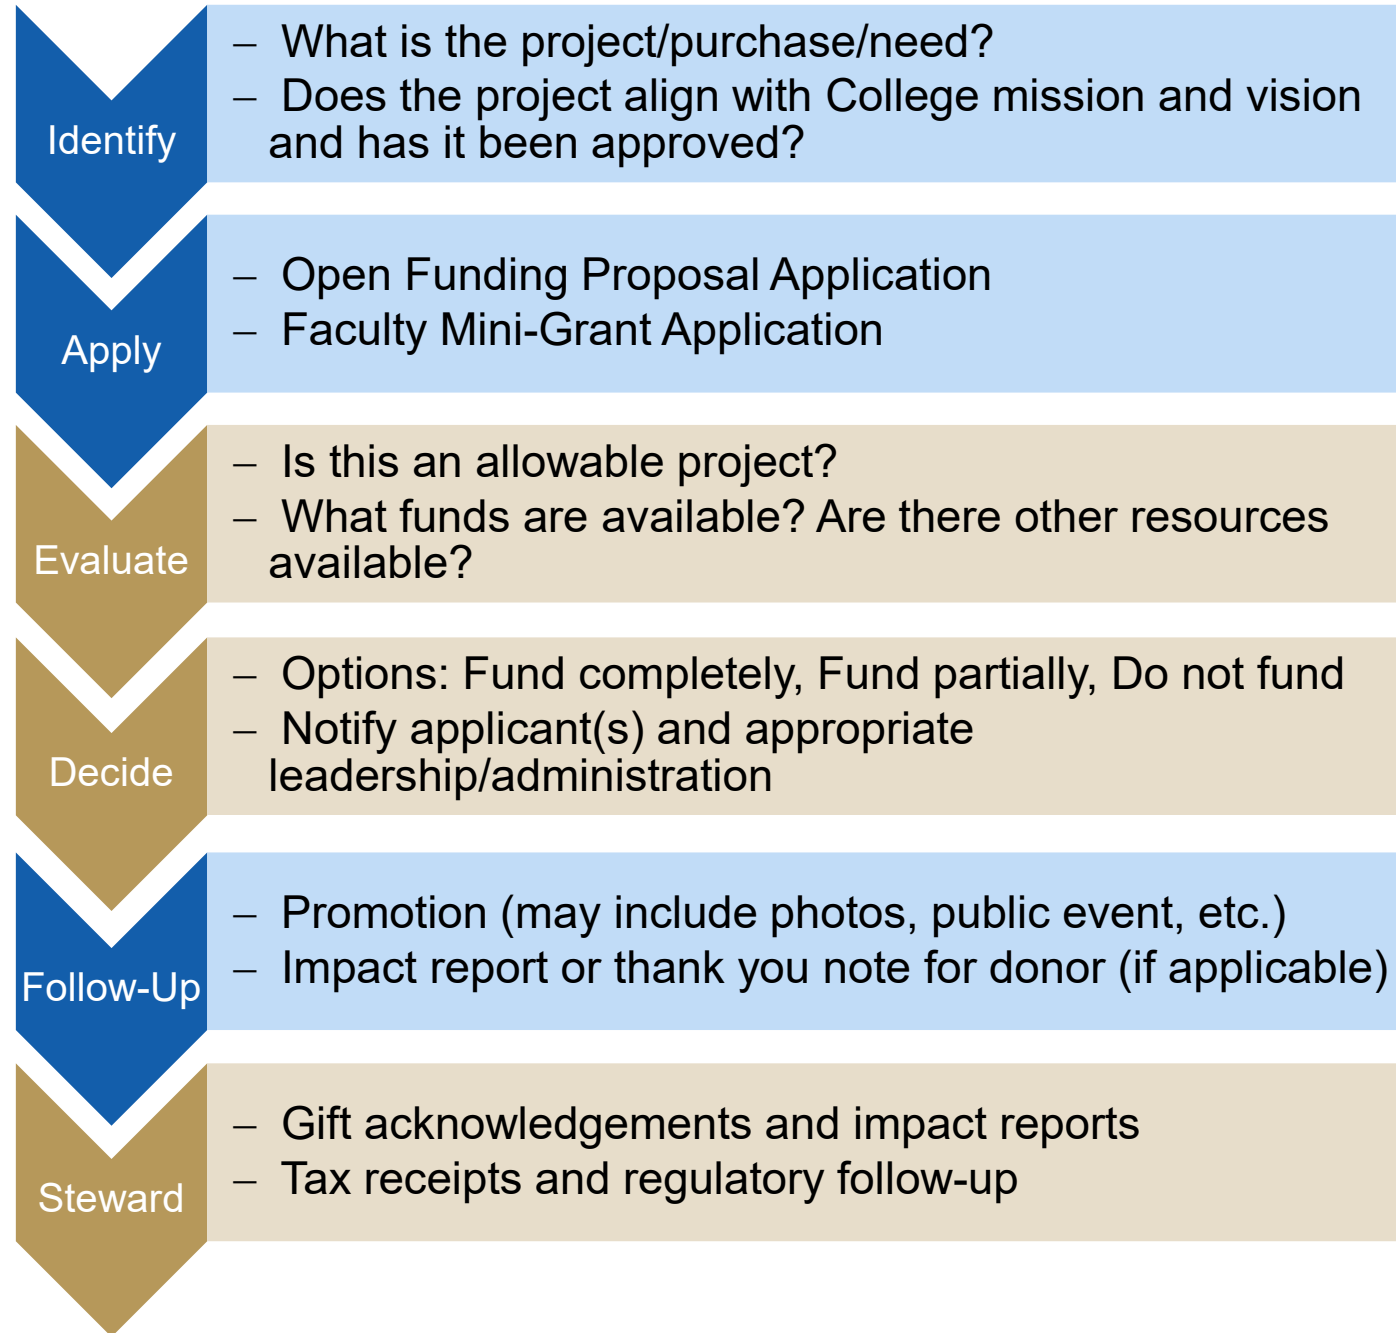

## Application Types

-  Open Funding Proposal
-  Faculty Mini-Grant

## Fund Availability

## Approval Types/Levels

-  Executive Director
-  Donor-Directed
